Subject: Final Plat for "Signal Butte Estates"

Attached for your review is the final plat for "Signal Butte Estates". The preliminary plat was processed under the name Prato Villagio but the name of the project has been changed to Signal Butte Estates. The preliminary plat was approved on July 10, 2013 as part of a rezoning case (Z13-029). There have been minor revisions to the subdivision design following preliminary plat approval with no anticipated impacts on the adjacent neighbors.
