

# City Council Report

**Date:** August 25, 2014  
**To:** City Council  
**Through:** Alex Deshuk, Manager of Technology and Innovation  
**From:** Edward Quedens, MPA, C.P.M., CPPO, Business Services Director  
Matt Bauer, MBA, CPPO, CPPB, CPSM, Procurement Administrator  
**Subject:** Purchase of Replacement Front Load Refuse and Roll-Off Containers for the Solid Waste Management Department **(Citywide)**

## **Purpose and Recommendation**

Council is requested to approve the Term Contract for Front Load Refuse and Roll-Off Containers as recommended.

Solid Waste Management and Purchasing recommend authorizing purchase from the lowest priced, responsive and responsible bidder, Wastebuilt at \$62,185.86.

## **Background / Discussion**

This purchase will provide front load refuse and roll-off containers for the City's commercial and residential customers: (8) Eight-Yard front load refuse containers, (6) Thirty-Yard tub style roll-off front containers and (6) Forty-Yard tub style roll-off front containers. The quality of these containers is critical to the City's customer service standards and expectations.

Solid Waste Management's existing inventory is nearing end-of-life and could potentially fail in providing services to the City's customers. This purchase will establish a contract to replenish the department's inventory as the current containers age and need replacement. The specifications allow the City to purchase additional containers at the bid price for twelve months after the award date.

RK Sanders Inc.'s response was determined to be non-responsive for failure to return all of the required bid documents and submitted an incomplete Revised Pricing and Compensation page.

## **Alternatives**

Council may choose not to authorize the purchase and new responses will be solicited.

## **Fiscal Impact**

This purchase is funded by the Solid Waste Management department operating budget.

## **Coordinated With**

Solid Waste Management and Purchasing
