

## Appendix B: Draft Amendment Language for Portable Storage Containers

### Chapter 87: Definitions

**Portable Storage Containers (PSC):** A device in the shape of a rectangular solid; constructed of metal, consisting of four vertical walls, a floor and a ceiling and in which at least one vertical end is designed as door (typically either as a side-hinged door, or as an overhead bay door). The dimensions of a PSC shall not exceed 102-inches (8-foot, 6-inches) in height and 96-inches (8-feet) in width. Lengths may vary in increments of 10-feet (10-feet, 20-feet...) but may not exceed nominal 40-feet in length. PSCs include devices initially designed to facilitate the shipping of containerized cargo and constructed entirely of steel in a manner consistent with ISO 6346, and are being reused to facilitate secure storage, and/or temporary offices or studios, but not habitable space as defined in the Mesa Building Code.

### Section 11-30-16: Portable Storage Containers (PSC)

Portable Storage Containers are permitted only in accordance with the following requirements:

- A. **Minimum Standard.** The construction of the PSC shall conform to requirements set by the International Standards Organization for portable shipping containers, ISO 6346.
- B. **Temporary Use during Construction.** PSCs are permitted as a temporary storage device for use during construction, remodeling, or redevelopment of permanent on-site buildings and facilities:
  1. When either of the following occurs:
    - a. In all Agriculture (AG), multiple residence (RM), all commercial and all industrial zoning districts, and for non-residential uses in Mixed Use (MX) and all Transect districts, if no building permit is required for the type of construction taking place, the temporary use of the PSC is subject to the issuance of an Administrative Use Permit by the Development Services Division in accordance with requirements of Chapter 70 of this Zoning Ordinance.
    - b. In all zoning districts, when a building permit is required for the type of construction taking place, the temporary use of use of the PSC may be authorized in conjunction with the issuance of a building permit in accordance with Title 4 of the Mesa City Code.
  2. Applications for a building permit or Administrative Use Permit, as applicable (Item 1, above), shall include a plan which specifies the number, size, and location of the storage containers.
  2. The temporary use of PSCs is limited to the lesser of the following time periods:
    - a. When authorized in conjunction with the issuance of a building permit, the temporary use shall be limited to the time in which the construction, remodeling, or redevelopment of permanent on-site buildings and facilities is actively taking place; or

## Appendix B: Draft Amendment Language for Portable Storage Containers

- b. When authorized with the issuance of an Administrative Use Permit, the temporary use shall be limited to 6-months, or until such time as the construction, remodeling, or redevelopment activity is completed, whichever occurs first. If the construction, remodeling, or redevelopment activity remains active and extends beyond 6-months, then the use permit may be renewed, but no more than 2 times.
  - 3. The PSC shall be removed within 7-days of the completion of:
    - a. The construction, remodeling, or redevelopment activities;
    - b. The construction activities authorized by the construction permit; or
    - c. The expiration of the use permit.
  - 4. In all Single Residence (RS) and Single Residence-Small Lot (RSL) districts, PSCs used during construction with the issuance of a building permit shall be limited to no more than one PSC per residential lot.
  - 5. PSCs shall not be located in retention basins, drive aisles, fire lanes, loading zones, or any other location that may cause hazardous conditions, or constitute a threat to public safety.
- C. **Temporary or Periodic Commercial Storage.** In the LC and GC commercial districts, and in the PEP and LI industrial districts, PSCs may be used as a periodic, intermittent, or isochronal use for a temporary period of time and accessory to a primary permitted use, subject to the approval of a special use permit in accordance with Chapters 67 and 70 of this Zoning Ordinance. In addition to specifying and limiting the number, size, location, and duration of the storage containers, the special use permit may require additional measures to ensure compatibility with adjacent land uses, such as increased setbacks, screen walls, landscaping, exterior materials and color.
- D. **Permanent Storage in Industrial Districts.** In those industrial districts for which outdoor storage is expressly allowed (i.e., LI, GI and HI districts), PSCs may be used for permanent outdoor storage, subject to:
  - 1. All requirements for the placement of outdoor storage specified for the applicable zoning district; and
  - 2. Compliance with all requirements of Section 11-30-7 with regard to placement and screening of outdoor storage; and
  - 3. Placement of the PSC in a manner such that it is not located in landscape areas, designated open space, retention basins, drive aisles, fire lanes, required parking spaces, loading zones, or any other location that may cause hazardous conditions, or constitute a threat to public safety.
- E. **Permanent Storage in Downtown Business District 2.** In the DB-2 district, a PSC shall only be used for outdoor storage, subject to:

## Appendix B: Draft Amendment Language for Portable Storage Containers

1. Approval of a Special Use Permit in accordance with Chapters 67 and 70 of this Zoning Ordinance; and
  2. Compliance with all requirements for the placement of outdoor storage specified by Section 11-30-7 with regard to placement and screening of outdoor storage.
  3. Placement of the PSC in a manner such that it is not located in landscape areas, designated open space, retention basins, drive aisles, fire lanes, required parking spaces, loading zones or any other location that may cause hazardous conditions, or constitute a threat to public safety.
- F. **Temporary Use in Residential Districts for Loading and Unloading of Household Goods.** In residential districts (RS, RSL and RM), Downtown Residence (DR-1, DR-2 and DR-3), and residential uses in all Transect districts (T3N, T4N, T4NF, T4MS, T5N, T5MSF, and T6MS), the temporary placement of a portable storage container on a residential lot for the purpose of loading and unloading household contents is only permitted for a period of time not exceeding seven (7) days in a calendar year.
- G. **Permanent Use in Single Residence and Agriculture Districts.** The permanent use of PSCs is permitted only in the RS-43, RS-90 and AG zoning districts, and only in accordance with the following requirements:
1. The placement, floor area, and size of the portable storage containers shall be in conformance with the same requirements specified for detached accessory buildings in Section 11-30-17.
  2. A building permit is required before installation, with a field inspection following installation.
  3. The PSC shall be placed upon an elevated pad that is a minimum of 4-inches above average natural grade of the ground within a 4-foot radius of the exterior walls of the PSC.
  4. One or more of the following aesthetic treatments to the exterior physical appearance of the PSC are required. At minimum:
    - a. A veneer of a durable building material similar to and congruous in appearance with the primary dwelling shall be attached to the PSC; or
    - b. Landscaping of sufficient density is installed and maintained so as to block the visibility of the PSC from across property lines of all directly abutting properties, or from across a right-of-way from a property that would otherwise directly abut the site. This landscaping screening may be through the use of a hedge or other landscaping growing adjacent or on the PSC. If this alternative is used, the PSC shall be painted a color considered compatible with the color of the associated primary residence; or,
    - c. A combination of partial veneer treatments, compatible paint colors, and/or landscape treatments that result in the appearance of the PSC being aesthetically

congruous with the primary residence, and undiscernible from a detached accessory building of standard construction.

5. Openings created for placement of doors and/or windows in the PSC are only permitted if no cuts or structural alterations are made to the primary structural frame of the PSC.
