# Second Substantial Amendment to the City of Mesa Consolidated Plan 2010-14

Preferences may be granted, at the discretion of the Participating Jurisdiction (PJ), for the following individuals:

- Persons with Disabilities as defined by HUD
- The Elderly (62-74) and The Frail Elderly (>75)
- Homeless Persons as defined by HUD
- Professionals per federal regulation changes (Examples: Teachers and Artists)

# Why is a Second Substantial Amendment Necessary?

- Approved by the Housing and Community Development Board
- Three groups are currently identified as a high priority within the Plan (Disabled, Elderly and Homeless)
- Designation as a preference provides the PJ with enhanced flexibility to meet the housing needs of these priority groups.
