Subject: Purchase of Two Replacement Light-Duty Pickup Trucks, for the Engineering Department **(Funded by the Vehicle Replacement Fund) (Citywide)**

Purpose and Recommendation

Council is requested to approve the purchase of replacement vehicles, two light-duty extended cab pickup trucks as recommended.

Fleet Services, Engineering and Purchasing recommend authorizing purchase from the contract with Berge Ford (a Mesa business) at \$50,254.06.

Background / Discussion

This purchase will provide two replacement vehicles (2014 Ford 1/2-ton extended cab pickups) to support Engineering operations. The trucks will be used by the Construction Inspections group to inspect Capital Improvement projects.

The replacement vehicles are part of the ongoing City of Mesa vehicle replacement program managed by Fleet Services. The vehicles have met established criteria and will be retired and sold at auction.

These vehicles are additional purchases against a contract (through the City's bid process) originally awarded on July 1, 2014, which provided for additional purchases.

Alternatives

Council may choose not to authorize the purchase and new responses will be solicited.

Fiscal Impact

The purchase is funded by the Vehicle Replacement Fund.

Responses: Two

Local Consideration: The Mesa bidder was already the lowest priced, responsive and responsible bidder. Calculating pricing by using Management Policy #214, removing 1.75% (Mesa TPT) for the purpose of bid evaluation was not necessary.

Protests Received: None

Pricing: All pricing shall be firm for the initial term of one year except where otherwise provided by the specifications, and include all transportation, insurance and warranty costs. The City reserves the right to purchase additional light duty ½ ton pick-up trucks at the bid price for twelve months after the bid award date.

Pricing Available to Other Cooperative Agencies: Yes
