

City Council Report

Date: January 26, 2015
To: City Council
Through: Alex Deshuk, Manager of Technology and Innovation
From: Edward Quedens, MPA, C.P.M., CPPO, Business Services Director
Matt Bauer, MBA, CPPO, CPPB, CPSM, Procurement Administrator
Subject: Purchase of One New Truck with 77 Foot Aerial Device and Telescopic Upper Boom for the Energy Resources Department **(Funded by the Utility Replacement Extension & Renewal Fund) (Districts 1 and 4)**

Purpose and Recommendation

Council is requested to approve a contract to purchase a Truck Equipped with a 77 Foot Hydraulic Articulating Non-Over Center Aerial Device with Telescopic Upper Boom and Utility Body as recommended.

Fleet Services, Energy Resources and Purchasing recommend awarding the contract to lowest, responsive and responsible bidder, Altec Industries, Inc. at \$308,274.91.

Background / Discussion

This purchase will provide a larger Aerial truck which the Electric crews will use in order to access the taller poles in the Electric Service Area.

Until several years ago, the City had a truck similar to this but it was retired. Since then, Energy has been leasing a vehicle. This purchase will replace the need to lease.

RWC International, Ltd.'s bid was determined to be non-responsive because their vehicle did not meet the turning radius requirement specified.

Alternatives

Council may choose not to authorize the purchase and new responses will be solicited.

Fiscal Impact

This purchase is funded by the Utility Replacement Extension & Renewal Fund.

Coordinated With

Fleet Services, Energy Resources and Purchasing

PURCHASING INFORMATION

Action: Award

Procurement Type: Request for Bids

Solicitation Number: 2015107
