

# City Council Report

**Date:** July 5, 2016  
**To:** City Council  
**Through:** Michael Kennington, Chief Financial Officer  
**From:** Candace Cannistraro, Office of Management and Budget Director  
**Subject:** Amendment to Mesa Code – Discontinuance of Parks Impact Fee

## Strategic Initiatives

## Purpose and Recommendation

Staff recommends that the City Council confirm the discontinuation of the Parks Impact Fee as of June 3, 2016, and amend the City's Impact Fee Schedule to remove the Parks Impact Fee.

## Background

In April 2011, a new State statute (A.R.S. § 9-463.05) affecting impact fees was signed into law. Part of the statute permitted municipalities to continue to collect development impact fees only if the funds would be used to pay for existing eligible debt services.

In response to this statute the Council adopted Ordinance 5189, which confirmed the intention of the City to continue the existing Development Impact Fees at the same rates as then assessed to repay the eligible debt amounts. Included in the ordinance was the provision that each impact fee would be automatically discontinued when the City received development impact fees in an amount equal to the amount of eligible debt owed for the particular impact fee category.

## Discussion

Staff has determined that as of June 3, 2016, the City had received Parks Impact Fees in an amount as reasonably close to, without exceeding, the amount of the eligible pledged debt for the Parks Impact Fee category as set forth in the Pledged Debt Analysis for Continuation of Impact Fees. Consequently, the City discontinued the collection of Parks Impact Fees effective June 3, 2016, in accordance with Ordinance 5189 and Mesa City Code 5-17-3(B).

The City Code regarding Development Impact Fees includes the now discontinued Parks Impact Fee. Staff recommends updating the code to remove the Parks Impact Fee from the associated schedule.

### **Alternatives**

If the ordinance is not approved, the Parks Impact Fee will remain listed on the Impact Fee Schedule in the City code, however the fee will not be charged.

### **Fiscal Impact**

There is no fiscal impact of the ordinance as no additional funds will be collected regardless of the approval of the ordinance.
