2434 E. Main St. Mesa

To whom it may concern;

We are dividing an existing dwelling using the special use permit. Per 11-367.c.d.chapter 36 sections c and d, we have ample parking with the existing carport and paved parking lot north of the structure. We are NOT adding any square ft. or modifying its footprint. All work will be interior changing the SFR from a 4 bed 2 bath to 2 2 bedroom 1 bath units. This will allow on site manager to have one unit while renting the other out.
