1. Recitals. The Recitals, by this reference, shall be incorporated herein and are made a part of this Agreement.
2. Co-Location. For the purpose of providing needed radio services, RVFD has need of Communications Systems located on MESA Sites and MESA has need of Communications Systems located on RVFD Sites. The Parties hereby agree to make the Sites available for the co-location of the radio communications equipment of the other, to the fullest extent that this is technically and legally feasible, pursuant to the terms of this Agreement.
3. This Agreement shall become effective as of the date it is approved by the City Council of the City of Mesa and shall remain in full force and effect for a term of one (1) year and is automatically renewed for nine (9) additional one (1) year periods unless canceled by either Party upon written notice at least six (6) months prior to the expiration of this Agreement.
4. Benefiting Agency. For each Site used by the other benefiting agency, that "benefiting" agency ("Benefiting Agency") agrees to:
 - a) Use the Site solely for the public safety and welfare. This IGA does not expressly or impliedly authorize the Benefiting Agency to install additional Communication Systems on the Sites outside of any replacement/upgrade components to Communication Systems already in place on a Site pursuant to an SSSA or any amendment thereto. Should additional Communication Systems need to be added to any Site, the Parties shall enter into an SSSA or amend the SSSA that pertains to the particular Site. The use of the Sites pursuant to the terms of this IGA or any SSSA shall be solely for Communication Systems for the public safety and welfare and those uses necessary to operate the Communication Systems.  - b) Contact the appropriate hosting agency department to coordinate installation or removal of equipment. Installation and Construction of Communication Systems on the Sites is contingent upon the Benefiting Agency obtaining all legally required permits and approvals from the appropriate jurisdiction. Approval of an SSSA or any amendment to an SSSA shall not be considered the granting of any permit or receipt of any type of approval from the Host Agency or the agency with jurisdiction. Upon completion of any installation or construction on the Sites the Benefiting Agency shall provide a copy of the as-builts to the Host Agency. Construction or installation of Communication Systems shall not cause interference with communication systems or equipment already on the Site and the Parties shall work together to ensure all Communication Systems work without interference.

The Parties agree to comply with the IRCA in performance of this IGA and, upon request, permit inspection of personnel records to verify such compliance.
 - c) Employer Sanctions Law. Both parties warrant that they are in compliance with A.R.S. § 41-4401 and further acknowledge:

That each party and its subcontractors, if any, warrant their compliance with all federal immigration laws and regulations that relate to their employees and their compliance with A.R.S. § 23-214, Subsection A;

That a breach of a warranty under this Section 6(c) shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the Agreement;

That each party retains the legal right to inspect the papers of the other party or its subcontractor's employee(s) who work under this Agreement to ensure that the party or subcontractor is complying with the warranty provided under Section 4.4.1 above and that each party agrees to make all papers and employment records of said employee(s)

available during normal working hours in order to facilitate such an inspection;

9. Entry and Inspection. The Host Agency shall have the right at all times to enter onto and inspect the Sites and the Communication Systems on the Sites. Host Agency will notify Benefiting Agency of any unsatisfactory condition relative to the construction, management, operation and maintenance of the Sites and the Communication Systems on the Sites. Benefiting Agency shall take immediate action to correct such condition(s) at Benefiting Agency's expense.
10. Environmental Compliance. If activities of the Benefiting Agency result in adverse environmental impacts on any Site, the Benefiting Agency will be fully accountable for any resulting Site assessment and cleanup cost required to restore the property. Host Agency will not seek compensation or restitution from Benefiting Agency as a "Potentially Responsible Party" for any release of a contaminant/hazardous substance on the premises prior to the effective date of this IGA.
 - a) Subject to the provisions set forth herein, Host Agency agrees the Benefiting Agency may use, generate, store, and properly dispose of any hazardous material at or on the Sites as long as it is solely for the construction and/or installation, operation and maintenance of the Communication Systems.
 - b) Benefiting Agency shall provide to Host Agency, in writing, a complete list identifying all hazardous material or petroleum products and approximate quantities to be brought on site and when such products will be removed.
 - c) Additionally, Benefiting Agency shall prepare and implement any necessary remediation action plan in accordance with all applicable federal, state, and city statutes, laws, ordinances, rules and regulations. Benefiting Agency shall keep Material Safety Data Sheets documents on site for those materials and products.
 - d) Benefiting Agency shall report to Host Agency within twenty-four (24) hours of knowledge of any event or occurrence at the Sites which may or does result in pollution or contamination adversely affecting lands, water or facilities owned or managed by the Host Agency, including the facilities which are subject of this IGA.
 - e) Benefiting Agency shall protect, defend, indemnify and hold harmless Host Agency from and against all liabilities, costs, charges and expenses, including civil or criminal penalties, attorney's fees and court costs arising out of or related to an activity involving or use of a regulated substance under any applicable federal, state, or local environmental laws, regulations, ordinances or amendments thereto because of: (a) any such substance that came to be located on any Site and/or the Communication Systems due to Benefiting Agency's use or occupancy of the Sites pursuant to the terms of this IGA, any SSSA or any amendment(s) to this IGA or any SSSA; or (b) any release, threatened release or escape of any substance in, on, under or from said Site that is caused, in whole or in part, by any conduct, action or negligence of the Benefiting Agency.

For the purposes of this IGA, the term "regulated substances" shall include substances defined as "regulated substances," "hazardous waste," "hazardous substances," "hazardous materials," "toxic substances" or "pesticides" in the Resource Conservation and Recovery Act, as amended by the Hazardous and Solid Waste Amendments of 1984, the Comprehensive Environmental Response, Compensation and Liability Act, as amended in 1986 to include Superfund Amendments and Reauthorization Act, the Hazardous Materials Transportation Act, the Toxic Substance Control Act, the Federal Insecticide, Fungicide and Rodenticide Act, the relevant local and state environmental laws, and the regulations, rules and ordinances adopted and publications promulgated pursuant to the local, state, and federal laws. This indemnification shall include, without limitation, claims or damages arising

out of any violations of applicable environmental laws, regulations, ordinances, rules or subdivisions thereof. This environmental indemnity shall survive the expiration or termination of this IGA or any amendment thereto and/or any transfer of all or any portion of the Sites and shall be governed by the laws of the State of Arizona, if applicable. Benefiting Agency accepts sole responsibility and liability for all wastes produced by its operation, activities and occupation of the premises and shall comply with all applicable laws concerning such wastes, including federal, state, and local regulatory requirements. Any such waste must be disposed of in compliance with the above.

- f) Benefiting Agency agrees it shall be solely responsible for and assumes all responsibility for the actions of Benefiting Agency, its agents, employees and contractors in generating, storing, releasing, placing or allowing to remain on the property any hazardous substances, hazardous wastes, or toxic substances (hereinafter collectively referred to as "Hazardous Substances"), as those terms as defined and regulated under CERCLA, 42 U.S.C. 9601 et seq., RCRA, 42 U.S.C. 6901 et seq., or TSCA, 15 U.S.C. 2601 et seq.. Benefiting Agency further agrees to comply with all environmental laws and regulations and to take such other actions as may be reasonably required to protect against environmental liabilities. Any such "hazardous substances" must be disposed of pursuant to and in compliance with all required laws and regulations concerning the use and disposal of such substances.
- g) Management and proper disposal of all hazardous material is the responsibility of Benefiting Agency. Benefiting Agency must keep appropriate and required documentation relating to the management and disposal of all hazardous material.
- h) Host Agency agrees to defend, indemnify, and hold harmless Benefiting Agency and its officials, elected, agents and employees against all loss, liability, or expense relating to personal, property, or economic injury arising from the presence of Hazardous Substances located on any Site (other than any such Hazardous Substances generated, stored, released, placed or allowed to remain on the Property by the Benefiting Agency, its officials, elected, agents, employees and contractors in violation of the law).

11. Insurance. The Parties acknowledge and agree they are each self-insured.

- a) If, during the term of this IGA, any property, buildings, fixtures, equipment or improvements under control of the Benefiting Agency shall be destroyed or damaged in whole or in part by fire or any other cause, except condemnation, the Benefiting Agency shall give immediate notice to Host Agency. Benefiting Agency shall immediately secure the area to prevent injury, vandalism and further damage to person, improvements and contents thereof. Benefiting Agency shall restore the premises at least to the extent permitted by insurance proceeds. However, Benefiting Agency will remain responsible for clean-up and to restore the premises to a condition reasonable under the circumstances and acceptable to Host Agency. If the Communication Systems are capable of restoration within ninety (90) days, this IGA shall continue in full force and effect.
- b) If Benefiting Agency can demonstrate and Host Agency may corroborate, that the Communication Systems are not capable of restoration within ninety (90) days, Benefiting Agency shall have the right to terminate this IGA or install a temporary facility for such length of time as necessary to complete restoration and resume operation.
- c) Benefiting Agency shall, as soon after damage as possible, apply for all required permits of whatever nature to restore damaged improvements, and complete restorations within a date mutually agreeable to the Parties. Should such damage or destruction occur within twelve (12) months of the IGA's normal termination date, the Parties may mutually agree to the extent of the restoration, if any.
