

City Council Report

Date: October 16, 2017
To: City Council
Through: Mike Kennington, Chief Financial Officer
From: Edward Quedens, MPA, C.P.M., CPPO, Business Services Director
Matt Bauer, MBA, CPPO, CPPB, CPSM, Procurement Administrator
Subject: Three-Year Term Contract for Slurry Seal Sand for the Transportation Department (Single Bid) **(Citywide)**

Purpose and Recommendation

Council is requested to approve the Term Contract for Slurry Seal Sand as recommended.

The Transportation Department and Purchasing recommend awarding the contract to Calmat Company dba Vulcan Materials Company at \$552,000.00 annually, based on estimated requirements.

Background / Discussion

The Transportation Department has been using slurry seal sand for the last 20 years to seal Mesa's road surfaces for the City's in-house slurry seal program. The sand seals enrich weathered pavements, fill fine cracks in the pavement surface and provide additional skid resistance to the pavement while inhibiting raveling. The City uses slurry seal sand, Type I, Type II and Type III per M.A.G. (Maricopa Association of Governments) Specifications Section 715.

On 7/18/2017, the City solicited bids for slurry seal sand with a bid opening date of 8/3/2017 of which, the City did not receive any bid responses. The bid was canceled and was re-released on 8/8/2017 with bids due 8/22/2017. The City received a single response from Vulcan. After review of their response, the City has determined that their bid pricing is fair and reasonable.

Alternatives

Council may choose not to authorize the purchase and new responses will be solicited.

Fiscal Impact

The annual contract amount is funded by the Transportation Department operating budget through the Highway User Revenue Fund.
