

HMAN BEAN
29 South Power Road
Mesa, AZ 85207
Comprehensive Sign Plan
Justification/Compatibility Statement

Human Bean is a new small drive thru beverage business, with a small footprint.

Code only allows for two signs, and two signs on West and South elevation are in permitting. We request a third sign on the North, for maximum visibility.

The signs will be state of the art LED pan channel letters and logo, sized to meet City code.

We feel that the look of the signage will enhance not only the building, but the surrounding neighborhood, as well.
