AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MESA, ARIZONA, PERTAINING TO TITLE 8, HEALTH, SANITATION AND ENVIRONMENT; AMENDING THE SANITARY SEWER REGULATIONS IN CHAPTER 4 AT SECTION 15 REGARDING ESTABLISHMENT OF WASTEWATER DISCHARGE POLLUTANT MASS LIMITATIONS FOR INDUSTRIAL USERS.

BE IT ORDAINED by the City Council of the City of Mesa, Maricopa County, as follows:

Section 1: That the following is added to Mesa City Code § 8-4-15: PROHIBITED SUBSTANCES AND DISCHARGE LIMITATIONS as subsection (E):

(E) Mass limitations may be imposed on industrial users through industrial wastewater discharge permits where not prohibited by categorical pretreatment standards, and which are using flow equalization to meet applicable federal, state, or City pretreatment standards or requirements, or in other cases where the imposition of mass limitations are appropriate. Equivalent mass limits may be established only if industrial users satisfy all conditions set forth in 40 CFR 403.6(c)(5)(i)(A) through (c)(5)(i)(E). In such cases, the wastewater discharge permit will contain the mass allocation for each pollutant, any concentration-based categorical standards, maximum flow allowed, and the appropriate monitoring and reporting requirements. Where mass limits have been established, the reports required by sections Section 8-4-19 shall also indicate the mass of limited pollutants in the user's wastewater. These reports shall also contain the results of sampling and analysis of the discharge, including production and mass of pollutants contained therein which are limited by the applicable pretreatment standards and requirements.

Section 2: The effective date of this Ordinance shall be thirty (30) days following adoption by the Mesa City Council.

Section 3: That those parts of any Ordinances in conflict herewith with respect to the above amended definitions are hereby repealed to the extent of such conflict.
