## TRASH AND RECYCLING SERVICE – BINS

### APPLICATION

For bin service customers served by the City for the monthly billing cycles commencing on and after the Effective Date. Collection of these bins is provided in geographical zones.

### RESIDENTIAL TRASH SERVICE

R1.26, R1.27, R3.3

#### Rates Applicable Per Dwelling Unit (4 or Less Residential Units Per Structure) – R1.26

These rates are applicable per dwelling unit to any structure or premise used as a domicile, dwelling, or habitation, including single dwelling unit, duplexes, triplexes, fourplexes, patio homes, rooming houses, boardinghouses, assisted living facilities, condominiums, townhouses or any complex of the foregoing, and apartments (4 units or less) used for residential purposes and with an active water account for monthly billing cycles commencing on and after the effective date. Collection of these bins is provided in geographical zones.

Rate R1.26\*: **\$29.34** per dwelling unit for duplexes, triplexes and fourplexes when the water account servicing the unit or units is active, or where the resident otherwise resides within the Mesa Solid Waste service area for bin service. Applicability of this rate shall be based on one-half cubic yard of bin capacity per unit per week.

The City Manager or designee is authorized to combine multiple R1.26 rate customers and offer the R3.3 rate if (1) there are greater than 20 units; (2) there is a single bill payer for trash services; (3) there is a commonality among the units i.e. common bin placement, shared parking, community pool, etc.

#### Rates Applicable Per Dwelling Unit (5 or More Residential Units Per Structure) – R1.27

Rate R1.27\*: **\$26.19** per dwelling unit for a multi-unit structure with five to twenty residential units when the water account servicing the units is active with one bill payee, or where the structure is otherwise located within the Mesa Solid Waste service area for bin collection. Applicability of this rate shall be based on one-half cubic yard of bin capacity per unit per week.

\* An \$0.84 per billing cycle Mesa Green and Clean fee will be assessed to each dwelling unit

#### Rates Applicable to Multi-Unit Dwellings (20 or More Residential Units Per Structure) – R3.3

Rate R3.3: The rate is applicable to all multi-unit structures with greater than 20 residential units, Manufactured Home and Recreational Vehicle developments as set forth in the Tables below. An additional charge is assessed for customers requesting collection on non-zone days.

### COMMERCIAL TRASH SERVICE

Commercial – R3.5; Interdepartmental – R6.1; Hospitals – R7.1; Federal – R7.2; State & Local Govts – R8.1; Schools – R9.1

The applicable rates for all structures or premises used for retail, wholesale, warehouse, store, factory, production, processing, manufacturing, restaurant, construction, service, hospitals, governmental entities, public authorities (schools), apartments (5 or more residential units for rent or lease that are subject to Title 33, Chapter 10 of Arizona Revised Statutes), or offices are set forth in the Tables below. An additional charge is assessed for customers requesting collection on non-zone days.

### RECYCLING BIN CHARGES

Residential – R3.3, Commercial – R3.5; Interdepartmental – R6.1; Hospitals – R7.1; Federal – R7.2;  
State & Local Govts – R8.1; Schools – R9.1

Cardboard Recycling Bins - Customers with cardboard bins will be charged a monthly base rate of \$28.00 for once per week collection. Rates for multiple bins and/or multiple days shall be calculated using Table 1, utilizing the bin factor for 6-yard bins. Non-zone day factors do not apply to cardboard bins.

Commingled Recycling Bins - Customers with commingled recycling bins will be charged a monthly rate of \$36.00 for once per week collection. A bin factor of 0.850 will apply to each additional bin.

Cardboard and commingled recycling bins shall be assessed a \$25.00 special pick-up fee per bin for pick-up on a scheduled recycling day for that commodity. Recycling bins picked up on days other than scheduled recycling days shall be assessed the disposal fee for that size of bin according to Table 3.

### MONTHLY BILLING CYCLE:

( Refer to Table 1 and Table 2 below)

\*The City does not provide front load compactors. However, the Solid Waste Division is capable of servicing front load compactors.

### SOLID WASTE BIN CHARGES

To calculate the monthly collection rate, determine the quantity and size of the bin(s) in the bin factor matrix located in Table 1. Multiply the bin factor by the sum of the zone and non-zone day factors, times the applicable base rate.

The monthly rate is calculated based on a customer having the same size bin and pick-up days. If there are special circumstances, which require varying different sizes of bins and pick-up days, these rates will be calculated under the R3.9 rate type.

Trash bin rates are calculated based on an average weight of 75 pounds per bin yard for non-compacted material that is not in a bag or container. If a customer is disposing of material that exceeds the average weight, the City reserves the right to assess a higher rate. See Table 2 to calculate additional weight charges.

**Table 2**  
**TRASH ADDITIONAL WEIGHT TABLE**  
**Monthly Charge by Weight Range per Weekly Yard or Service**

Weight Class		<u>Weight Ranges</u> <u>(Pounds Per Yard)</u>						
		A	B	C	D	E	F	G
		0-100	101-150	151-200	201-250	251-300	301-350	351-400
Number of Service Days Per Week	1	\$0.00	\$4.00	\$8.00	\$12.00	\$16.00	\$20.00	\$24.00
	2	\$0.00	\$8.00	\$16.00	\$24.00	\$32.00	\$40.00	\$48.00
	3	\$0.00	\$12.00	\$24.00	\$36.00	\$48.00	\$60.00	\$72.00
	4	\$0.00	\$16.00	\$32.00	\$48.00	\$64.00	\$80.00	\$96.00
	5	\$0.00	\$20.00	\$40.00	\$60.00	\$80.00	\$100.00	\$120.00
	6	\$0.00	\$24.00	\$48.00	\$72.00	\$96.00	\$120.00	\$144.00
	7	\$0.00	\$28.00	\$56.00	\$84.00	\$112.00	\$140.00	\$168.00

1. Find the applicable weight charge per yard in Table 2 by cross-referencing the weight range and the number of service days per week.
2. Multiply the appropriate weight charge per yard by the number of yards per pickup to determine the monthly additional weight charge.

**Other Charges:**

1. Bins requiring special moving or handling service may be charged a monthly fee of \$3.15 per collection per week per bin.
2. Customers requesting relocation of bins within the same service site will be assessed a service fee of \$37.54 for transportation costs and \$5.91 per bin relocated. Bin relocations must comply with all applicable City Codes.
3. Customers sharing a bin shall be charged a prorated share of the base rate in proportion to their respective solid waste volume.
4. Any customer desiring casters on 2, 3, and 4 yard bins may be charged \$4.99 per month per bin. Customers desiring casters on 6 and 8 yard bins may be charged \$5.99 per month per bin. Customers may also be subject to a one-time caster installation charge of \$34.14 per bin.
5. An automatic locking device can be installed by the City on the bin(s) at the customer's request. Customers may be subject to a one-time installation fee of \$64.99 (per device). The customer will be responsible for providing the lock for the automatic locking device.
6. Customers requesting that a bin be exchanged or cleaned more than once every six months shall be charged \$56.27 per bin each time a bin is exchanged or cleaned. Restaurant bins may be changed out or cleaned every three months at no charge. The City reserves the right to charge customers for the cleaning of bins due to unsanitary conditions as determined by the City in its sole discretion.

### TEMPORARY BIN RENTAL AND ADDITIONAL/SPECIAL PICK-UP FEES

Temporary bins can be rented upon request provided that the period of rental is less than six months. See Table 3 for pricing.

The bin must be serviced a minimum of once every 14 days. No construction or demolition debris shall be placed into bins, however, temporary roll-off boxes are suitable for this type of debris. If the rental period is more than six months, use Table 1 to calculate charges.

The following fee structure shall apply to temporary front load bins:

Table 3

Bin Size (Cubic Yard)	Delivery Fee		Disposal Fee*	
	Bin 1 & 5	Bins 2-4, 6-8	Initial Disposal	Each Additional Disposal
2	\$43.02	\$21.51	\$35.11	\$17.56
3	\$43.02	\$21.51	\$40.96	\$20.48
4	\$43.02	\$21.51	\$46.82	\$23.41
6	\$43.02	\$21.51	\$52.66	\$26.33
8	\$43.02	\$21.51	\$58.51	\$29.26

Table 4

Front Load Compactor Additional/Special Pick-Up\*\*

Size (Cubic Yard)	Disposal Fee
2-4	\$52.66
5-6	\$105.33

\* Initial disposal fee applies when servicing the first bin. If a customer requests more than one bin to be emptied and/or the same bin to be emptied multiple times while the service vehicle is still on site, the additional bin(s) serviced will be charged half the disposal fee for the applicable bin size. The initial disposal fee will be charged to the largest bin size if the location has various bin sizes. If the truck leaves the property and is requested to return to empty one or more bins, the Initial (and applicable Additional) disposal rates apply.

\*\*The City does not provide front load compactors. However, the Solid Waste Division is capable of servicing front load compactors.

A special pick-up request that requires an additional stop at the location will be assessed the disposal fee in Table 4. If more than one customer is to use the same bin, one bill from the City to the main user is preferred.

## CONTRACTS

The City Manager or designee is authorized to offer and enter contracts for a discounted rate for those eligible customers operating business or commercial establishments (including as of July 1, 2016 apartments (5 or more units) for rent or lease that are subject to Title 33, Chapter 10 of the Arizona Revised Statutes) that enter into written service agreements of at least one year with the City. The discount to the rate may be up to two percent (2%) per year, with additional discounts of up to two percent (2%) for each year added to the term of the contract (maximum discount of six percent (6%). The discount shall be applicable during the term of the contract, and a subsequent like term renewal, and shall also be available to Customers entering a new contract on termination of existing discounted contracts. As an alternative to the discounted rate, the City Manager or designee is authorized to offer and enter firm price contracts, whereby the contract rate as set forth in this Schedule on the date of the contract shall remain fixed for a period of up to two years from such date notwithstanding any increase in the pricing adopted by the City and set forth and established in this Schedule R3.5. In addition, the contracted rate shall not increase in an amount greater than 5% for the third year (additional years remain subject to the then current applicable rate).

## ADJUSTMENTS

Taxes and Impositions. The applicable proportionate share of any taxes or governmental impositions, which are assessed on the basis of the gross revenues of the City and/or the price or revenue from the utility services, sold hereunder shall be added to each utility bill.

## TERMS AND CONDITIONS

See Terms and Conditions for the Sale of Utilities.

## ZONES

The City Manager or designee will establish the geographic zones and pick-up schedule.

## ROLL-OFF BOX AND COMPACTOR SERVICE – R3.6

### APPLICATION

These rates, fees and charges are applicable to all residential properties, commercial businesses, multi-unit dwellings, Manufactured Home and Recreational Vehicle developments for monthly billing cycles commencing on and after the Effective Date.

### TEMPORARY SETS

A temporary set is a roll-off box placed at the same location/premise for six months or less. A temporary roll-off box is required to be hauled at least once every 14 days (a maximum extension of three (3) days available at \$10.00 per day).

### PERMANENT SETS

A permanent set is a roll-off box placed at the same location/premise for more than six months. Permanent roll-off boxes are required to be hauled a minimum of 6 times or an average of one time per month, whichever is greater.

\*Initial Set = \$55.00

\*\*The City does not provide or maintain roll-off compactors but is capable of hauling compactors.

Other Charges:

1. Customers requesting that roll-off boxes or compactors be cleaned more than once per year shall be charged a fee of \$112.53 per roll-off box or compactor each time it is cleaned.
2. The City reserves the right to charge customers \$112.53 for the cleaning of roll-off boxes or compactors due to unsanitary conditions for each cleaning, as determined by the City in its sole discretion.
3. A \$65.00 fee will be charged:
  - a. If the driver cannot haul the roll-off box due to the box having excessive weight, being overloaded and/or blocked, if the doors are unable to be securely closed, or if the box is otherwise unserviceable.
  - b. If the driver has to return to the location to relocate the roll-off box per the customer's request.
  - c. If a scheduled haul is not cancelled prior to the driver's arrival to the property (not applicable to minimum hauls).
  - d. If a customer-owned compactor is transported to or from a vendor per the customer's request.
4. Customers who dispose of construction and demolition (C&D) debris will be charged the initial set and haul fees indicated in the trash roll-off boxes table. In addition, the customer will be charged the current disposal rate for C&D material plus a \$27.00 fee per the current agreement with the disposal site in lieu of the three-ton minimum.

## **COMMERCIAL AND MULTI-UNIT DWELLING SOLID WASTE SERVICE** **UNIQUE SITUATIONS – R3.9**

### **APPLICATION**

This rate is applicable to all accounts where there is a unique situation for which no other Solid Waste rate schedule is applicable for the monthly billing cycles commencing on and after the Effective Date.

### **ADDITIONAL INFORMATION**

The City Manager or designee is authorized to administer blended rates for customers that receive two or more trash or cardboard services per week. This occurs when a customer has bins of different sizes or when all bins are not serviced on the same days. The service which has the highest weekly bin yards shall be the base service. Blending may reduce a customer's monthly bill by application of the multiple bin factor to any secondary service excluding commingled recycling bins. To qualify for blended rates, secondary service bins must be serviced at the primary service site on the same day(s) as the base service. If more than one customer is to use the same bin, one bill from the City to the main user is preferred.

### **MONTHLY BILLING CYCLE**

The City Manager or designee is authorized to establish a rate.

### **BARREL PULLBACK FEES**

If a customer is in violation of section 8-3-5(B) of the Mesa City Code (requiring the removal of barrels no less than six feet from the curb by 6:00 a.m. the day after collection), the City shall assess \$2.17 per barrel, per occurrence, as a pullback fee.

### **BARREL SPECIAL PICK-UP FEES**

### **CONTRACTS**

The City Manager or designee is authorized to offer and enter contracts for a discounted rate for those eligible customers operating business or commercial establishments (including as of July 1, 2016 apartments (5 or more units) for rent or lease that are subject to Title 33, Chapter 10 of the Arizona Revised Statutes) that enter into written service agreements of at least one year with the City. The discount to the rate may be up to two percent (2%) per year, with additional discounts of up to two percent (2%) for each year added to the term of the contract (maximum discount of six percent (6%). The discount shall be applicable during the term of the contract, and a subsequent like term renewal, and shall also be available to customers entering a new contract on termination of existing discounted contracts. As an alternative to the discounted rate, the City Manager or designee is authorized to offer and enter firm price contracts, whereby the contract rate as set forth in this Schedule on the date of the contract shall remain fixed for a period of up to two years from such date notwithstanding any increase in the pricing adopted by the City and set forth and established in this Schedule R3.9. In addition, the contracted rate shall not increase in an amount greater than 5% for the third year (additional years remain subject to the then current applicable rate).

### ADJUSTMENTS

Taxes and Impositions. The applicable proportionate share of any taxes or governmental impositions, which are assessed on the basis of the gross revenues of the City and/or the price or revenue from the utility services, sold hereunder shall be added to each utility bill.

### TERMS AND CONDITIONS

## APPLIANCE RECYCLING AND BULK ITEM COLLECTION – R3.91

### APPLICATION

This rate is applicable to all customers using bulk item and appliance recycling services who also have a City of Mesa service for monthly billing cycles commencing on and after the Effective Date.

The City Manager or designee is authorized to establish and charge reasonable fees for the collection of bulk items (such as furniture and brush), appliances and environmental compliance fees (such as refrigerant recovery), and any other fee not falling under rate application.

### APPLIANCE RECYCLING COLLECTION PROGRAM

The City offers an appliance recycling program for the collection of metal appliances such as, but not limited to, refrigerators, freezers, washers/dryers, and water heaters.

- a. City Solid Waste customers will be assessed a **\$19.00** fee for each appliance collected.
- b. For customers that do not utilize City of Mesa Solid Waste services, a **\$28.42** fee will be assessed for each appliance collected.
- c. An additional refrigerant removal charge based on the current market removal rate may be assessed on all appliances requiring refrigerant extraction.
- d. Customers must cancel a scheduled pick-up prior to the collection crew arriving at the address or an **\$11.79** fee will be assessed if there are no appliances located at the scheduled address when a crew arrives.

### BULK ITEM COLLECTION PROGRAM

The City offers curbside collection for bulk items that do not fit into a trash bin or barrel. The maximum volume of one load is equivalent to 128 cubic feet at each individual pick-up address.

- a. City Solid Waste customers will be assessed a **\$23.04** fee per load of bundled or properly prepared bulk items.
- b. For customers that do not utilize City of Mesa Solid Waste services, a **\$37.59** fee will be assessed per load of bundled or properly prepared bulk items.
- c. Customers must cancel a scheduled pick-up prior to the collection crew arriving at the address or an **\$11.79** fee will be assessed if there are no bulk items located at the scheduled address when a crew arrives.

### ADJUSTMENTS
