PROJECT DESCRIPTION / REQUEST

A portion of parcel 218-57-006S is surrounded to the north and south by the recently approved Heritage Crossing subdivision. This request is to rezone approximately 1.6 acres of parcel 218-57-006S from Multi-Residence (RM-4) to RSL-2.5 PAD and to modify the previously approved 52.4 acre Baseline Mixed Use PAD to incorporate the 1.6 acres into the PAD. The request will allow for the development of 18-lot, single residence subdivision called Heritage Crossing II at a density of 11.2 du/acre.

NEIGHBORHOOD PARTICIPATION:

The applicant has submitted a Citizen Participation Plan, which included a mailed letter to property owners within 1,000’ of the site including registered neighborhoods within one (1) mile of the site and HOA’s within a ½ mile radius of the site.

At the time that this report was written staff had not been contacted by any residents or property owners in the area. The applicant will be providing an updated Citizen Participation Report prior to the July 18, 2018 Study Session. An update will be provided by staff at that Planning and Zoning Board Study Session.

STAFF ANALYSIS

MESA 2040 GENERAL PLAN:

The Mesa 2040 General Plan Character area designation is Neighborhoods. The primary focus of the neighborhoods character type is to provide safe places for people to live where they can feel secure and enjoy their surrounding community. The overall development, as previously approved, establishes a unique neighborhood character that is consistent with the goals and objectives of the Plan. The previously approved PAD was designed to provide an integrated, connected neighborhood.

Staff has reviewed the proposal and found that it is consistent with the criteria for review as outlined in Chapter 15 (pg. 15-1) of the Mesa 2040 General Plan and has determined that the proposed use is in conformance with the General Plan.

ZONING:

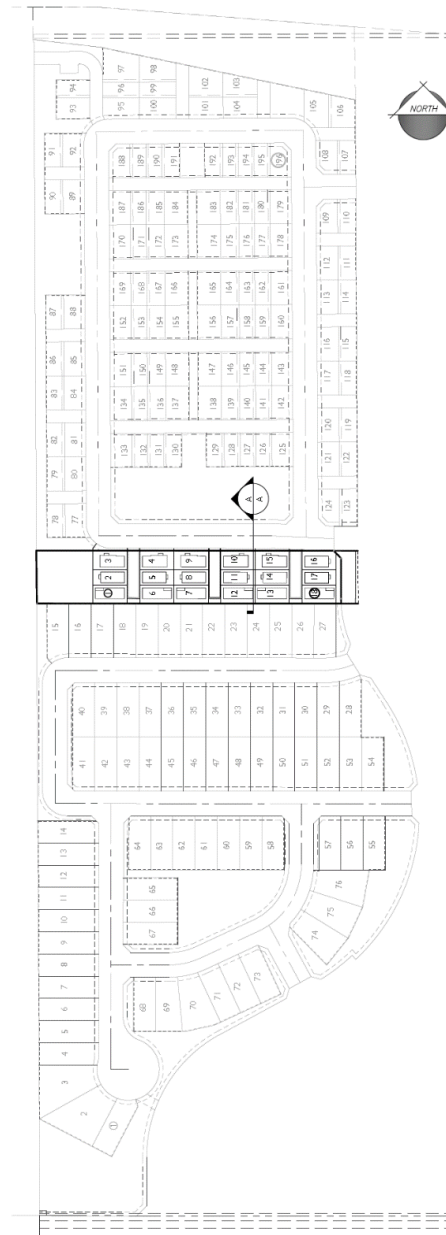

This request is to rezone the property from RM-4 to RSL-2.5 with the PAD overlay that was approved for Baseline Mixed Use PAD (Z14-021) and the PAD modification to the Baseline Mixed Use PAD to reduce internal garage dimensions (ZON18-00169).

This is a logical extension of the previously approved PAD and the best use for this property; staff supports this rezoning.

SITE PLAN- MZO Section 11-69-5:

The site plan includes only 1.6± acres of 16.2 acres of parcel (218-57-006S) for a subdivision proposed for 18 lots located within Heritage Crossing at the southwest corner of proposed Channing (Hawes Road alignment) and Impala Avenue. This area has three different lot sizes – Lot A (a total 6 lots) 32'x69' (2,208 sq. ft.); Lot B (a total 6 lots) 37'x69' (2,553 sq. ft.) & Lot C (a total of 6 lots) 43'x69' (2,967 sq. ft.). The proposed courtyard lots are consistent with the design guidelines and requirements of the Baseline Mixed Use Planned Area Development Design Booklet and are similar to those approved with the previous phase of Heritage Crossing (ZON18-00326).

Lot #'s 3, 4, 9, 10 and 15 will have porches facing Impala Avenue. Lot #'s 1, 6, 7, 12, 13 and 18 will have a minimum 10' building setback along the south property line shared with parcel 2 of the Heritage Crossing subdivision. These lots will share the proposed open space located across Impala Avenue with amenities including a pool house, Ramada, benches, etc. There is a proposed retention basin at the west end of the subdivision along the west property line.

This request is for approval of a preliminary plat titled "Heritage Crossing II. The proposed preliminary plat will add 18 lots to the previously approved 197 lots in Heritage Crossing.

CONCLUSION:

CONDITIONS OF APPROVAL:

1. Compliance with the basic development as described in the project narrative and as shown on the site plan and preliminary plat submitted (without guarantee of lot yield, building count, lot coverage).
2. Compliance with all City of Mesa Code requirements and regulations, except as modified with the approval of this PAD.
3. Compliance with all requirements of the Subdivision Technical Review Committee.
4. Compliance with all requirements of zoning case Z14-021 and ZON18-00169 including the Baseline Mixed Use Planned Area Development Design Booklet.

5. Prior to submittal for a building permit, submit building product including floor plans, elevations, material, color and texture for Planning Director review and acceptance.
