

City Council Report

Date: October 15, 2018
To: City Council
Through: Michael Kennington, Chief Financial Officer
From: Edward Quedens, Business Services Director
Matt Bauer, Procurement Administrator
Subject: 17-Month Term Contract with Two Years of Renewal Options for Vector Services for the Water Resources Department **(Citywide)**

Recommendation

Council is requested to approve the award as recommended.

The Water Resources Department and Purchasing recommend authorizing the purchase using the Pima County cooperative contract with Peoria Pest Control, Inc., at \$129,000.

Background / Discussion

This contract will provide manhole cockroach control services for Water Resources – Wastewater Collections Division to proactively treat up to one third (approximately 10,000) of the City's manholes with insecticide every year. In the past the City has only been able to provide reactive services by sending a crew out to spray manholes after receiving customer complaints. Wastewater Collections does not have the manpower or equipment to proactively treat the City's manholes. The manhole insecticide will have a 2-year warranty.

The Pima County cooperative contract has been competitively bid and provides for the lowest possible cooperative pricing. Many other cities use this cooperative contract including City of Glendale, City of Chandler and City of Tempe. This contract will allow the City of Mesa to get a contractor started immediately for proactive treatment. Pima County treats many more manholes per year than City of Mesa therefore we are leveraging their volume discount by using their contract.

Purchase Information

Action: Award
Procurement Type: Cooperative Contract Use
Contract Number: 2019047
Contracting Agency/Contract Number – Contract Term: Pima County/MA #16-696 – 3/7/2016 to 3/6/2018
Local Consideration: Policy did not apply to this procurement method
Protests Received: None
