

October 29th, 2018

UPDATE OF THE CITIZEN PARTICIPATION PLAN FOR THE OLIVEWOOD CONDOMINIUMS AT
SUNLAND SPRINGS VILLAGE

Case #: ZON18-00688

Purpose: The purpose of this Citizen Participation Plan is to inform nearby citizens, property owners, neighbor associations, agencies, schools and businesses of an application by Farnsworth Development for a Preliminary Plat and Site Plan Review. This site is located near the southeast corner of Baseline and Signal Butte Roads on South Olivewood in the Master Planned Community of Sunland Springs Village. This plan will ensure that those affected by this application will have an adequate opportunity to learn about and comment on the proposal.

Contact:

Craig M. Ahlstrom

craig@fdcaz.com

Pre-application Meeting: The pre-application meeting with City of Mesa planning staff was held on August 6, 2018. Staff reviewed the application and recommended that adjacent residents within 1,000', registered neighborhood associations within one mile, and all HOA's within ½ mile be contacted.

A neighborhood meeting for the above-referenced project was scheduled for October 23rd, 2018 at 10:00 a.m. in the Sunland Springs Village Auditorium. The following steps were taken to ensure that ample notification was given to the surrounding property owners of the proposed project.

- An announcement was placed on the front page of the community newspaper which is delivered to approximately 2,500 residents in Sunland Springs Village (Newspaper announcement included).
- In addition, the newspaper is listed on the HOA web site so that those residents who are out of town would be able to receive notice of the meeting.
- On October 8th letters were mailed to approximately 500 households that lived within 1,000' of the site (Sample letter included), as well as registered neighborhood associations and nearby HOA's.
- On October 22nd, the day before the meeting, an email was sent to all HOA residents reminding them of the meeting that would take place the following day (Email reminder included).

On the day of the meeting there were approximately 150 persons in attendance. Minutes were taken by Judy Morton and sign-up sheets were distributed. Both are included with this update. I gave an overview of the project, including a description of the Citizen Participation Process along with the other opportunities the residents would have to speak publicly about the project such as the upcoming P&Z Meeting and subsequent City Council Meeting. A PowerPoint presentation of several slides including the Preliminary Site Plan, building elevations, and floor plans for the proposed units was then presented. Following the presentation, the meeting was opened up for questions. Again, the questions and answers are included with this update. There was no serious opposition to the project. Most questions revolved around rental rates, access to and from the site, and whether the new condos will be part of the Master HOA for Sunland Springs Village. Seeing that there were no further questions, the meeting was adjourned 10:45 a.m.

I received one phone call from an out-of-state resident who was opposed to the project because he “just doesn’t like rentals.” I informed him I would include his comments in my Update and that he could come to the other public meetings if he would like to voice his objections.

Respectfully Submitted,

Craig M. Ahlstrom, President
Farnsworth Development

October 9, 2018

Dear Neighbor,

We have applied for a site plan review and approval of a preliminary plat for the parcel of land where the Farnsworth Homes offices and construction yards are located. The physical address for this proposed project, as assigned by the City of Mesa, is 2350 S. Olivewood, Mesa, AZ 85209. We are proposing to build 22 condos for lease similar to the Desert Trails condos that were recently completed in the southwest corner of Sunland Springs Village. Please see the enclosed Project Narrative, Site Plan, and Elevations for this proposed project.

We will be holding a neighborhood meeting as part of the City of Mesa's Neighborhood Participation process. This meeting will take place as follows:

Where: Sunland Springs Village Auditorium
2240 S. Springwood Blvd

When: Tuesday, October 23, 2018
10:00 a.m. immediately following the monthly HOA Meeting

You are invited to attend and listen to a presentation about this new project. If for some reason you are not able to attend, but would like to discuss this proposal, feel free to call me at (480) 984-4999.

Hopefully you will be able to attend this presentation to find out about these new condos.

A handwritten signature in black ink, appearing to read 'Craig'.

Craig M. Ahlstrom, President
Farnsworth Development

FARNSWORTH DEVELOPMENT COMPANY

PROJECT NARRATIVE

Olivewood Condominiums at Sunland Springs Village (SSV)

2350 S. Olivewood

The proposed project is the re-development of an irregular shaped parcel which currently serves as the office and construction yard of Farnsworth Homes, Inc. The site is located on South Signal Butte Road, between Baseline and Guadalupe Roads, to the immediate North of the existing Summit Assisted Living community. The east side of the site is a +/-130' wide Western Area Power Authority (WAPA) high voltage transmission line easement, which also retains storm water runoff for SSV. The west side of the site is adjacent to Signal Butte Road.

The purpose of the development is to create a final phase of condominiums, cohesive with the existing adjacent uses, and to enhance this area of the SSV community. These condominiums will be owned by members of the Farnsworth family (developers of SSV) and will be offered for lease.

A project consisting of eight buildings, comprising twenty-two single story (2B+2B) units is proposed. The intent of this project is to match previous SSV residential condominium products offered by Farnsworth Development in style and construction.

Ingress/egress for the site will be internal from SSV to the east from S. Olivewood via an existing 38' access/utility easement currently used for construction vehicles to access the community. A condominium resident "exit only" gate onto Signal Butte Road via an automatic gate is anticipated, pending approval of the Mesa Fire Department.

Residents of these condos will be members of the SSV HOA Community, and as such will have full access to all amenities in SSV including, tennis, pickleball, softball, swim and fitness centers. In addition, residents will enjoy a socially inviting community recreation center which includes a library, woodshop, billiards room, card rooms, arts and crafts rooms, and lapidary. There is also a 500-seat community auditorium that hosts large resident gatherings such as movies, plays, bingo, chapel services, dances, and pot lucks.

We hope you can join us for the Neighborhood Meeting per the enclosed notice.

Sunland Springs Village Olivewood Condominiums

Neighborhood Participation Meeting Minutes

Location: Sunland Spring Village Auditorium, 2240 S Springwood Blvd, Mesa

Date: October 23, 2018, 10:00 a.m.

Time: 10:00 a.m. – 10:45 a.m.

Persons in attendance: 151

Craig Ahlstrom, President of Farnsworth Development, explained the process involved in the application for the Olivewood Condominium project:

- Notices given to homeowners within 1000' of project, all SSV residents, and HOAs within a mile of the site
- Neighborhood Participation Meeting
- Planning & Zoning Committee Board Meeting at City of Mesa (11/14/18 at 4:00 p.m.)
- P & Z recommends to City Council
- City Council gives final approval in December if project can go forward.

A video slide presentation was provided showing:

- Preliminary plat (current construction office area),
- Site plan (22 condominium units within 8 buildings)
- Condominium elevations (to be built as 2, 3 or 4 units per building)
- Floor plans (two models of approximately 1100 & 1400 sq ft)

Other general information:

- Project will be called "Olivewood Condominiums"
- Condos owned by Farnsworth family
- Leased condo units only; occupants will be part of SSV HOA (a 55+ community)
- Project area has already been zoned for RM-2 (multi-family) housing; no rezoning is required
- WAPA (Western Area Power Authority) easements in the project area
- Access to/from Signal Butte may be restricted to police, fire & sanitation only

- This is the last housing project within SSV bringing the total to approximately 2900 housing units, although initially approved in 1995/1996 for 3400 units in the master plan.
- Construction office will be moving in 2019
- Anticipate having first condo units ready to move into two years from now (Fall of 2020)

Questions:

1. *What is the landscaping under the WAPA corridor?* Desert requiring minimal maintenance by the SSV HOA. Retention basins are also in the corridor, as well as the sliver of land at the north end of the project.
2. *What will be rental rates be?* Currently the Desert Trails units rent for \$1250/month (1100 sq ft unit).
3. *What about the traffic in and out of the condo area?* Pending Public Safety review, residents may or may not be able to enter or exit Signal Butte. There will be a gate for police, fire, and sanitation use.
4. *Who currently owns this piece of land?* The Farnsworth family.
5. *Why build rental units instead of condos for sale?* We have determined the need for rental units for those who might want to buy in SSV in the future, or experience living in a community such as SSV 3-6 months each year. Previous rental units within SSV have not detracted from the quality of the community.
6. *Will the condos have their own HOA association?* No, the condos are part of the master association only. They are owned by the Farnsworth family (just like the Desert Trails condos). Master association fees are paid annually by Farnsworth for each individual condo unit.
7. *How long will Farnsworth retain control of the master HOA?* Election for the new board of directors will be held at the annual meeting in February 2020.

Subject: Special Meeting Reminder

Special Meeting after General HOA Meeting

Dear Residents of Sunland Springs Village,

Farnsworth Development has applied to the City of Mesa for approval of 22 condos for lease similar to the Desert Trails Condos to be built on the site where the construction yard currently sits.

We will be holding an informational meeting as part of the City of Mesa's Neighborhood Participation process. This meeting will take place as follows:

Where: Sunland Springs Village Auditorium

*When: Tuesday, October 23rd, 2018
10:00 A.M. Immediately*

following the monthly HOA Meeting

You are invited to attend and listen to a presentation about this new project. If for some reason you are not able to attend, but would like to discuss this proposal, feel free to call me at 480-984-4999.

Hopefully you will be able to attend this presentation to find out about these new condos.

*Craig M. Ahlstrom, President
Farnsworth Development*

11214 E Laguna Azul Circle | Mesa AZ 85209 | [480-354-8758](tel:480-354-8758)

October 2018 Vol. 10 No. 10

Sunland Springs Village Homeowners Association, Inc. • An Active Adult Community

20 Pages

Getting ready for a busy fall!

We have had a great summer and enjoyed a host of activities! Here are a few highlights: We listened to Ranger B and Bill Harrison talk about our beautiful state of Arizona. We watched the Summer Cinema Series and toured Falcon Field and Basha's Museum. Summer Salads, Mexican food and Mariachis were a hit at our evening gatherings! We even had a "Cruising for Murder" mystery dinner/play for our Summer Survivors. We welcome back returning residents; the activities and events will keep on rolling. Club and organization leaders have facilities reserved with dates and times scheduled and are also gearing up for a busy fall!

Now it's your turn!

Get out your calendar and start filling in the dates!

Why not try a new hobby or commit to an exercise program. The tennis and pickleball courts await; what about golf, shuffleboard, ping pong or bowling to stay active? From arts and crafts to pool parties and card games, to educational and volunteer opportunities, the activities are endless!

Special HOA Meeting

Tuesday, Oct. 23 at 10 a.m.

Location: Auditorium

(Immediately following the monthly HOA Meeting)

Craig Ahlstrom, president of Farnsworth Development will give a brief presentation regarding the new condos being proposed on the existing construction yard/office site along Signal Butte Road.

All residents are invited to come learn more about this new 22-unit condo project that will be the last new product built in SSV.

Articles are due by noon, Wednesday, Oct. 10. Attach your WORD document (NO ALL CAPS) to an email and send to voicearticle@ssvhoa.com. All photos and flyers must be high-quality and submitted in "jpg" format.

Special HOA Meeting

On Tuesday October 23rd at 10: a.m. in the auditorium immediately following the monthly HOA Meeting, Craig Ahlstrom, President of Farnsworth Development will give a brief presentation regarding the new condos being proposed on the existing construction yard/office site along Signal Butte Road. All residents are welcome to attend to find out about this new 22-unit condo project that will be the last new product built in SSV.

The proposed project is the re-development of an irregular shaped parcel which currently serves the office and construction yard of Farnsworth Homes, Inc. The subject site is located on South Signal Butte Road, between Baseline and Guadalupe Roads, to the immediate North of the existing Summit Assisted Living community. The site is encumbered to the east by a +/-130' wide Western Area Power Authority (WAPA) high voltage transmission line easement, which also retains storm water runoff for SSV.

The purpose of the development is to create a final phase of condominiums for lease similar to the Desert Trails condos in the southwest corner of SSV. These new condos will be cohesive with the existing adjacent uses and will enhance this area of the SSV community.

There will be eight condo buildings, comprising twenty-two single story (2B+2B) units. The intent of this project is to match previous SSV residential condominium products offered by Farnsworth Development in style and construction.

Ingress/egress for the site will be internal from SSV via an existing road that accesses the construction yard west of South Olivewood. A condominium resident "exit only" egress onto Signal Butte Road shall be provided via an automatic gate.

Residents of these condos will be dues paying members of the SSV HOA, and as such will have full access to all amenities in SSV.

Please join us after the monthly HOA meeting on October 23rd at 10:00 a.m. in the auditorium for a brief presentation regarding this new condo project.
