

# City Council Report

**Date:** June 3, 2019  
**To:** City Council  
**Through:** Michael Kennington, Chief Financial Officer  
**From:** Edward Quedens, Business Services Director  
Matt Bauer, Procurement Administrator  
**Subject:** Purchase of Two, Vehicle Wheel Alignment Machines and Four-Post Vehicle Lift Combinations (Additions) for the Fleet Services Department **(Citywide)**

## Recommendation

Council is requested to approve the award as recommended.

The Fleet Services Department and Purchasing recommend authorizing the purchase using the Houston-Galveston Area Council (H-GAC) and State of Arizona cooperative contracts, with Mohawk Resources, Ltd., at \$125,921.84, based on estimated requirements.

## Background / Discussion

This purchase will provide two, vehicle wheel alignment machines and four-post lift combinations. Each machine and its four-post lift will be an addition at both Fleet Service repair locations, one at Sixth Street and the other at East Mesa Service Center.

Fleet Services does not currently have the equipment to complete vehicle wheel alignments in-house. When suspension components are replaced or uneven tire wear occurs, a wheel alignment is required. Each time a vehicle is sent out for an alignment, it is unavailable on average for one day, and additional and administrative costs are incurred.

This equipment can also be used for a variety of vehicle repairs and preventative maintenance (PM) services when not in use performing alignments. It includes a quick check feature that technicians can use during PM services to determine if a vehicle needs an alignment before significant tire wear is noticeable, which will provide an additional cost savings for the City.

The H-GAC and State of Arizona cooperative contracts have been competitively bid and meet the City's procurement requirements. Fleet Services and Purchasing are unaware of any other cooperative contracts that provide this equipment. It is in the City's best interest to use both cooperative contracts for the competitive pricing and there is local support for both products.

## Purchase Information

Action: Award  
Procurement Type: Cooperative Contract Use  
Contract Number: 2019217

Contracting Agency/Contract Number: Houston-Galveston Area Council/FLO3-19  
(Mohawk TR25A Four-Post Lift) and State of Arizona/ADSPO19-215108 (WA684-CM  
Aligner)

Local Consideration: Policy did not apply to this procurement method

Protests Received: None

Funding Source: Fleet Services Department operating budget through the Fleet Internal  
Services Fund
