

# City Council Report

**Date:** July 8, 2019  
**To:** City Council  
**Through:** Michael Kennington, Chief Financial Officer  
**From:** Edward Quedens, Business Services Director  
Matt Bauer, Procurement Administrator  
**Subject:** Purchase of a Data Storage System (Replacement) for Security Cameras for the Water Resources Department as requested by the Information Technology Department **(Citywide)**

## **Purpose and Recommendation**

Council is requested to approve the purchase as recommended.

Water Resources, Information Technology and Purchasing recommend authorizing the purchase using the Mohave cooperative contract and the lowest quoted vendor, iT1 Source, LLC, at \$34,556.03.

## **Background / Discussion**

A replacement data storage solution is required for video from security surveillance cameras positioned at Water Resources sites throughout the City. Water Resources has plans to double the number of cameras they are currently using over the next twelve months to improve security at the City's water and wastewater plants, pump sites, wells, etc. The current storage system housing this data is no longer supportable and does not have enough storage capacity to accommodate the planned expansion.

The proposed solution will provide a supportable and sustainable storage system that will also meet the anticipated future needs of the Water Resources Department.

## **Purchasing Information**

Action: Award  
Procurement Type: Cooperative Contract Use  
Contract Number: 2019231  
Contracting Agency/Contract Number – Term: Mohave/18G-IT1-0926  
Local Consideration: Policy did not apply to this procurement method  
Funding Source: Water Resources Department budget through Water Bond Funds
