

**Citizen Participation Report
For Rezoning and Pre-Plat
Monteluna
Desert Vista 100, LLC
40 acres
South of McKellips Road, East of Loop 202
Case # ZON19-00357**

Date of Report: July 19, 2019

Overview: This report provides the results of implementing the Citizen Participation Plan for the Monteluna subdivision. The 40-acre site is located on the south side of McKellips Road, east of the Loop 202 freeway next to the west boundary of the residential subdivision: Escalante at Mountain Bridge and across the street to the south from the Desert Shadows gated subdivision, in northeast Mesa AZ. The property is under application for re-zoning and preliminary plat for 108 lots intended for single-family housing units.

The property is Arizona State Trust land sold at auction in December 2018 to Desert Vista 100, LLC, an entity affiliated with Blandford Homes, LLC. The requested re-zoning is from RS-35 zone to RS-15 Planned Area Development (PAD) District and for approval of a 108-lot subdivision (2.7 du/ac) with lots typically measuring 7800 SF and 9100 SF. The site is in the Desert Uplands character area of the General Plan.

This report provides a summary of the steps taken and results to provide registered property owners, residents, citizens, neighbors, public agencies and interested persons with opportunities to learn about and comment on the proposed application. Comments, sign-in sheets, e-mail comments, summary information and other materials are attached.

Neighborhood Meetings: The following are dates and locations of the meetings where property owners, residents, citizens were notified and invited to review and discuss the proposals (a summary of the meeting comments, sign-in sheets, and a comment sheet are attached):

1. June 6, 2019 at 6:00 pm: Mountain Bridge Owner's Club 8730 E Mountain Bridge Road, Mesa AZ 85207 – 23 people signed in on the sign-in sheets (copy attached).
2. Note that on November 12, 2018, prior to the State land auction and prior to filing the re-zoning and pre-plat applications with the City of Mesa, Desert Vista 100, LLC, Blandford Homes held an

“informal” “pre”- neighborhood meeting at the Mountain Bridge Owner’s Club and sent an invitation to all registered home owners in Mountain Bridge. 118 people signed in on the sign-in sheets at that meeting, no formal notes were taken, but residents of Mountain Bridge had an early opportunity to learn about the applicant’s interest in the property and preliminary ideas for the residential development of it.

Correspondence, E-mails, Phone Calls:

1. First letter notice and invitation to the neighborhood meeting was mailed on May 24, 2019 to 220 registered property owners within 1,000’ of the property, Home Owner’s Associations within a ½ mile of the property and Registered Neighborhood Organizations within one (1) mile of the property (copy of letter notice attached)(copy of mailing list attached). The same notice was also sent to: Mesa Public Schools, Zacharis Elementary School, Falcon Hill Elementary School, Fremont Junior Hill School, Red Mountain High School, Arizona State Land Department (ASLD), Bureau of Land Management (BLM), City of Mesa Planning Department. A letter was also sent to all registered property owners in the Mountain Bridge master planned community (1322 notices sent)(mailing list not attached due to size, but can be provided if requested, noting this much wider notice went well beyond the 1,000’ notice).
2. E-mail Meister 5.28.19 – reply sent 5.29.19 (copy of both attached)
3. Phone Weisgram call 5.30.19 – (annotated map/notes attached)
4. E-mail Fawcett 6.6.19 – reply sent 6.6.19 (copy of both attached)
5. E-mail Holman 6.7.19 -reply sent 6.7.19 (copy of both attached)
6. E-mail Schepp 6.11.19 – reply sent 6.11.19 (copy of both attached)
7. E-mail Dauksher 6.16.19 – reply sent 6.17.19 (copy of both attached)

Results:

Over 1500 notices were sent out. Approximately 25 people attended the neighborhood meeting (23 signed in) and another 6 called or e-mailed. In general, there was not strong opposition expressed to the proposed rezoning and development plan, although there were questions, comments, specific issues identified and some concerns expressed. These are summarized below, with a response.

	Question, Comment, Issue, Concern	Response
1	Will there be a restriction to allow only single-story homes adjacent to the existing Mountain Bridge?	Desert Vista 100, LLC, Blandford Homes, is willing to self-impose a single-story only restriction on the lots and homes on the lots immediately backing to, or side to, Escalante at Mountain Bridge.
2	What is the amount of space proposed between the new lots and the existing lots in Mountain Bridge.	Varies from 30’ (the narrowest separation on one lot), to 250’ and more.
3	What will be the grade height of the adjacent homes to existing, will trees be planted, walls, impact on views	The grade heights will be similar. There may be some impact on existing views, but there is a buffer and separation that varies in width.
4	Will the slab foundations be post tensioned slabs?	Yes.
5	Will the builder install the front yard landscaping packages.	Yes.
6	What will the prices be for homes.	That will be determined based on the market at the time of the opening for sales likely in late 2020, early 2021. The floor plans

		include two series, a 45' wide series on the 60' lots and a 50' wide series on the 65' wide lots. You can check out similar homes and current pricing in currently open communities in the east valley on the Blandford Homes website.
7	There were a few comments about traffic on McKellips Road and the east bound section of McKellips that is a single lane east of the Loop 202 traffic circle.	The east bound section of McKellips will be widened to 2 lanes between Mountain Bridges and the west side of the Monteluna property. West of that is BLM land and that stretch of McKellips is not proposed to be widened as part of this project.
8	Will a stop light be added.	A stop light or traffic signal light is not proposed to be installed, and the warrants are not there for a traffic signal.
9	Desert Shadows resident asked if the entrance could be staggered from theirs.	The entrance location on McKellips was determined in consultation with the City of Mesa, as the best location as there is already a median cut there for traffic turning, and does not add another intersection on McKellips Road.
10	Preference for bigger lots, less homes.	108 lots on 40 acres equates to 2.7 du/ac which is in conformity with the General Plan designation, is relatively low density, and is consistent with the lot sizes, density and development pattern in the adjacent Mountain Bridge.
11	What schools will the kids go to.	According to the Mesa Public Schools website, the site is in the Falcon Hills Elementary School service area (not Zacharis), Fremont Junior High and Red Mountain High School. The school district was notified of the application.
12	Desert Shadows resident concerned the lot sizes are less than the 15,000 SF lots across the street in RS-15.	The proposed lot sizes at Monteluna are 7,800 SF and 9,100 SF. Under the PAD, smaller than 15,000 SF lots are allowed, and in part, in exchange for setting aside open space for wash preservation, drainage and retention, parks and amenities as common open space, instead of putting it in the lots. Monteluna proposes 11 acres of open space, 28% of the 40-acre site.
13	What is the plan for street lighting, lighting generally, dark sky	There will be street lights on McKellips Road per the City of Mesa. Inside the gated community there will be very limited street lighting, if any. A lighted pickle ball court is proposed and a potentially lighted 1/3 rd BB court/sports court, and amenity area. There will be low voltage lighting for the entry monument sign and some of the landscape. The intention is to respect the "dark sky" look.
14	Question about the impact on wildlife, and if the development will stir up insects and snakes.	Wildlife typically is displaced during the development cycle. Some eventually makes its way back post-development, with revegetation and landscaping.
15	Will the existing wash be intercepted that enters the NE corner of the property.	Yes, it is proposed to be intercepted and directed (piped) to interconnected retention basins with flows passed through the property. Two other existing washes that cross the property are 404 washes and they are proposed to be preserved in place as natural wash corridors.
16	What is going to happen with the BLM land.	Do not have an answer about the adjacent federal BLM land. It is zoned RS-35 in the City of Mesa.

MEETING NOTES

Meeting: Monteluna Neighborhood Meeting
Location: Mountain Bridge Owner's Club Meeting Room
Date: 06/06/2019
Start Time: 6:00 pm Estimated Ending Time: 6:50 pm
Attendees: Tom Lemon & Paul Dugas - (Blandford Homes)
Ryan McCann - (City of Mesa)
Doug Chubin & Alex Caraveo (CVL Consultants)
Alex Fish (Anderson Baron)
23 People signed in on the sign-in sheets provided

The purpose of the meeting was to provide a Neighborhood Meeting in accordance with the Citizen Participation Plan for rezoning application ZON19-00357 and pre-plat application with neighbors adjacent to the proposed Monteluna Community, receive feedback, answer any questions and address any concerns.

- Tom Lemon opened up with introductions, the purpose of the meeting, agenda, process and a description of the proposed rezoning, pre-plat and development plan to inform neighbors of what Blandford Homes is proposing.
- In the opening statement, Tom stated that Blandford Homes is willing to limit the lots immediately adjacent to the Mountain Bridge Community to single story homes.
- Question posed by neighbor- With the disturbance being created with the new development is there a plan in place to address the wildlife impact along with scorpions, snakes?, Can something be done to reduce the impact to the neighbors in regards to the insects invading their property?
 - (Tom)- A requirement for future development is to properly relocate any protected species (i.e., desert tortoise, burrowing owl) other species that are not protected will migrate away from the property.
 - There will be some impact where the insects may come onto the Mountain Bridge community as is the case when you disturb a natural habitat.

- (Paul) Experience has shown that animals migrate away from the development but many eventually find their way back. The rate of recovery of the native species is remarkable and some species end up returning to the revegetated areas within the new development.
- Question posed by neighbor- At the northeast corner what is the plan with the wash crossing that ultimately collects the outflow from the basin on the northwest corner of Mountain Bridge?
 - Tom- Doug Chubin our engineer with CVL has designed a storm drain pipe that will collect the outflow and direct it through the Monteluna Community and ultimately outflow at the natural location to the south of the Monteluna Community.
- Question posed by neighbor- What is the future for the adjacent BLM property?
 - Tom- It's hard to say, I don't have an answer for you regarding the BLM property. It is zoned RS-35 in the City of Mesa, but it is rare for BLM land to be sold or developed.
- Question posed by neighbor- Has a traffic analysis been done to accommodate the additional traffic?
 - City of Mesa is requiring us to provide an additional lane eastbound on McKellips Rd and also to provide a left turn lane to the Monteluna Community on McKellips Rd. The Access into the community will be aligned with the current access on the property to the north.
- Question posed by neighbor- Will McKellips Rd be widened the entire length to the Loop 202 to the west?
 - We are only responsible for improvements on McKellips Rd immediately adjacent to the Monteluna Community.
- Question posed by neighbor- What can we do to fully improve McKellips Rd in front of the BLM property?
 - Not sure how to answer that question as the BLM is federal land. One approach would be to reach out to your Councilman or the City of Mesa and state your concern.
- Question posed by neighbor- What is the plan with lighting within the proposed Community?
 - We'd like to maintain the dark sky and views of the stars. We currently plan on providing lighting along the main frontage as required by the City of Mesa. We will provide lighting at the main entry and lighting at the amenities within the Monteluna Community.

- Question posed by neighbor- What Schools will be servicing the community?
 - We have notified the Mesa Public Schools District. The site is in the service area of Falcon Hills Elementary School, Fremont Junior High School and Red Mountain High School.
- Question posed by neighbor- At what grade will the homes be placed?
 - Doug Chubin our engineer is working on a preliminary grading analysis but expect that we will be raising the pads to maintain high and dry conditions for each lot above the flood elevation of the washes. The engineer will be working to balance the pad heights to be no higher than necessary, similar to along Channing Street to the east.
- Question posed by neighbor- Will the homes have post tension slabs?
 - Yes all homes will be post tension slab foundations.
- Question posed by neighbor- Will the community provide a landscape package for front yards?
 - Yes all homes will come with a builder installed landscape package.
 - The HOA will only maintain the landscape within the common areas, all landscape located on front yards will be maintained by the homeowner and not the HOA.
- Question posed by neighbor- Are you required to have a neighborhood meeting?
 - Yes the City of Mesa requires Citizen Participation, A criteria per city of Mesa is that we notify neighbors within 1,000 feet of the proposed development. We mailed notices to all property owners within 1,000' plus every property owner in all of Mountain Bridge.
- Question posed by neighbor- Is there a price range set for the proposed homes?
 - No not yet, market prices will be set once we get closer to the opening for sales.

END OF NOTES

These notes summarize items discussed at the neighborhood meeting. Please review and advise the writer of any questions, discrepancies or additions within 5 business days.

40 ACRE PROPERTY WEST OF MOUNTAIN BRIDGE

NOTICE AND INVITATION TO NEIGHBORHOOD MEETING

RE: Property: Located on the south side of McKellips Road next to Mountain Bridge at its west side.

Dear Property Owner, Neighborhood Association Representative, Resident:

The purpose of this letter is to provide you with notice and invite you to attend an informational meeting on **Thursday June 6th at 6:00 PM**, at the **Mountain Bridge Owners' Club**, located at 8730 E Mountain Bridge Drive, Mesa AZ, 85207 about the rezoning of the vacant 40-acre property and related development plans next to the west side of Mountain Bridge. The community name is proposed as: ***"Monteluna"***.

Desert Vista 100, LLC, a company affiliated with Blandford Homes recently filed a rezoning application and preliminary plat with the City of Mesa, on the 40-acre property being acquired from the Arizona State Land Department. The property is on the west side of Mountain Bridge on the south side of McKellips Road, across from the Estates at Desert Shadows neighborhood. This is a follow up meeting to the one provided to Mountain Bridge residents last November 12th, 2018. Desert Vista 100, LLC was the successful bidder at the State land auction held in December last year, and the June 6th meeting is to provide updated information about the rezoning request and development plans for the property. A site location map and a conceptual development plan are attached for your review.

The rezoning request is to change the zoning on the property from RS-35 to RS-15 Planned Area Development (PAD)(same zoning category as in the adjacent part of Mountain Bridge and across the street in the Estates at Desert Shadows), and the preliminary plat application is for approval to subdivide the property into **108 lots** for single family detached residential development on two lot sizes: 60'x130' lots (7,800 SF) and 65'x140' lots (9,100 SF). The gross density is proposed at 2.7 dwelling units per acre (du/ac). The net density is 2.84 du/ac. The homes are proposed to include one and two-story floor plans ranging from 2,350 – 5,240 SF with minimum 3 car garages and some floor plans with up to 5 car garages. Two floor plans series are proposed with nine (9) different floor plans in total with at least six (6) different elevation choices per plan. The community is proposed as a gated neighborhood with private streets and private amenities (tot lot, swing set, ramada, ½ basketball court, pickle ball court, connecting walkways) as a "stand alone" subdivision and **not annexed** into the Mountain Bridge master planned community. The proposed plan includes the preservation of two desert washes, the salvage and replanting of native plants, and thematic elements (gates, walls, entry monuments, view fences, landscape plantings) in keeping with the Desert Uplands Character Area in this part of Mesa. The property is currently vacant desert land.

3321 EAST BASELINE ROAD • GILBERT, ARIZONA 85234 • (480) 892-4492
Administrative FAX (480) 892-5106 • Construction FAX (480) 892-9066 • Customer Service FAX (480) 892-8885

You are invited to attend this meeting to learn about the project, the requested rezoning and preliminary plat, to ask questions and offer comments. If you are unable to attend the meeting, and/or wish to provide comments in writing, or wish to schedule a separate meeting to discuss the proposed development, please contact me directly at tlemon@blandfordhomes.com, 480-892-4492 or at the address provided. If you prefer, you may also request additional information or comment on the applications in writing to the City of Mesa Planning Division PO Box 1466 55 North Center Street Mesa AZ 85201, 480-644-2385, zoning case file: **ZON19-00357**.

Should you have any questions feel free to contact me at 480-892-4492.

If you have sold your property recently, please forward this correspondence to the new owners so that they are notified of the meeting.

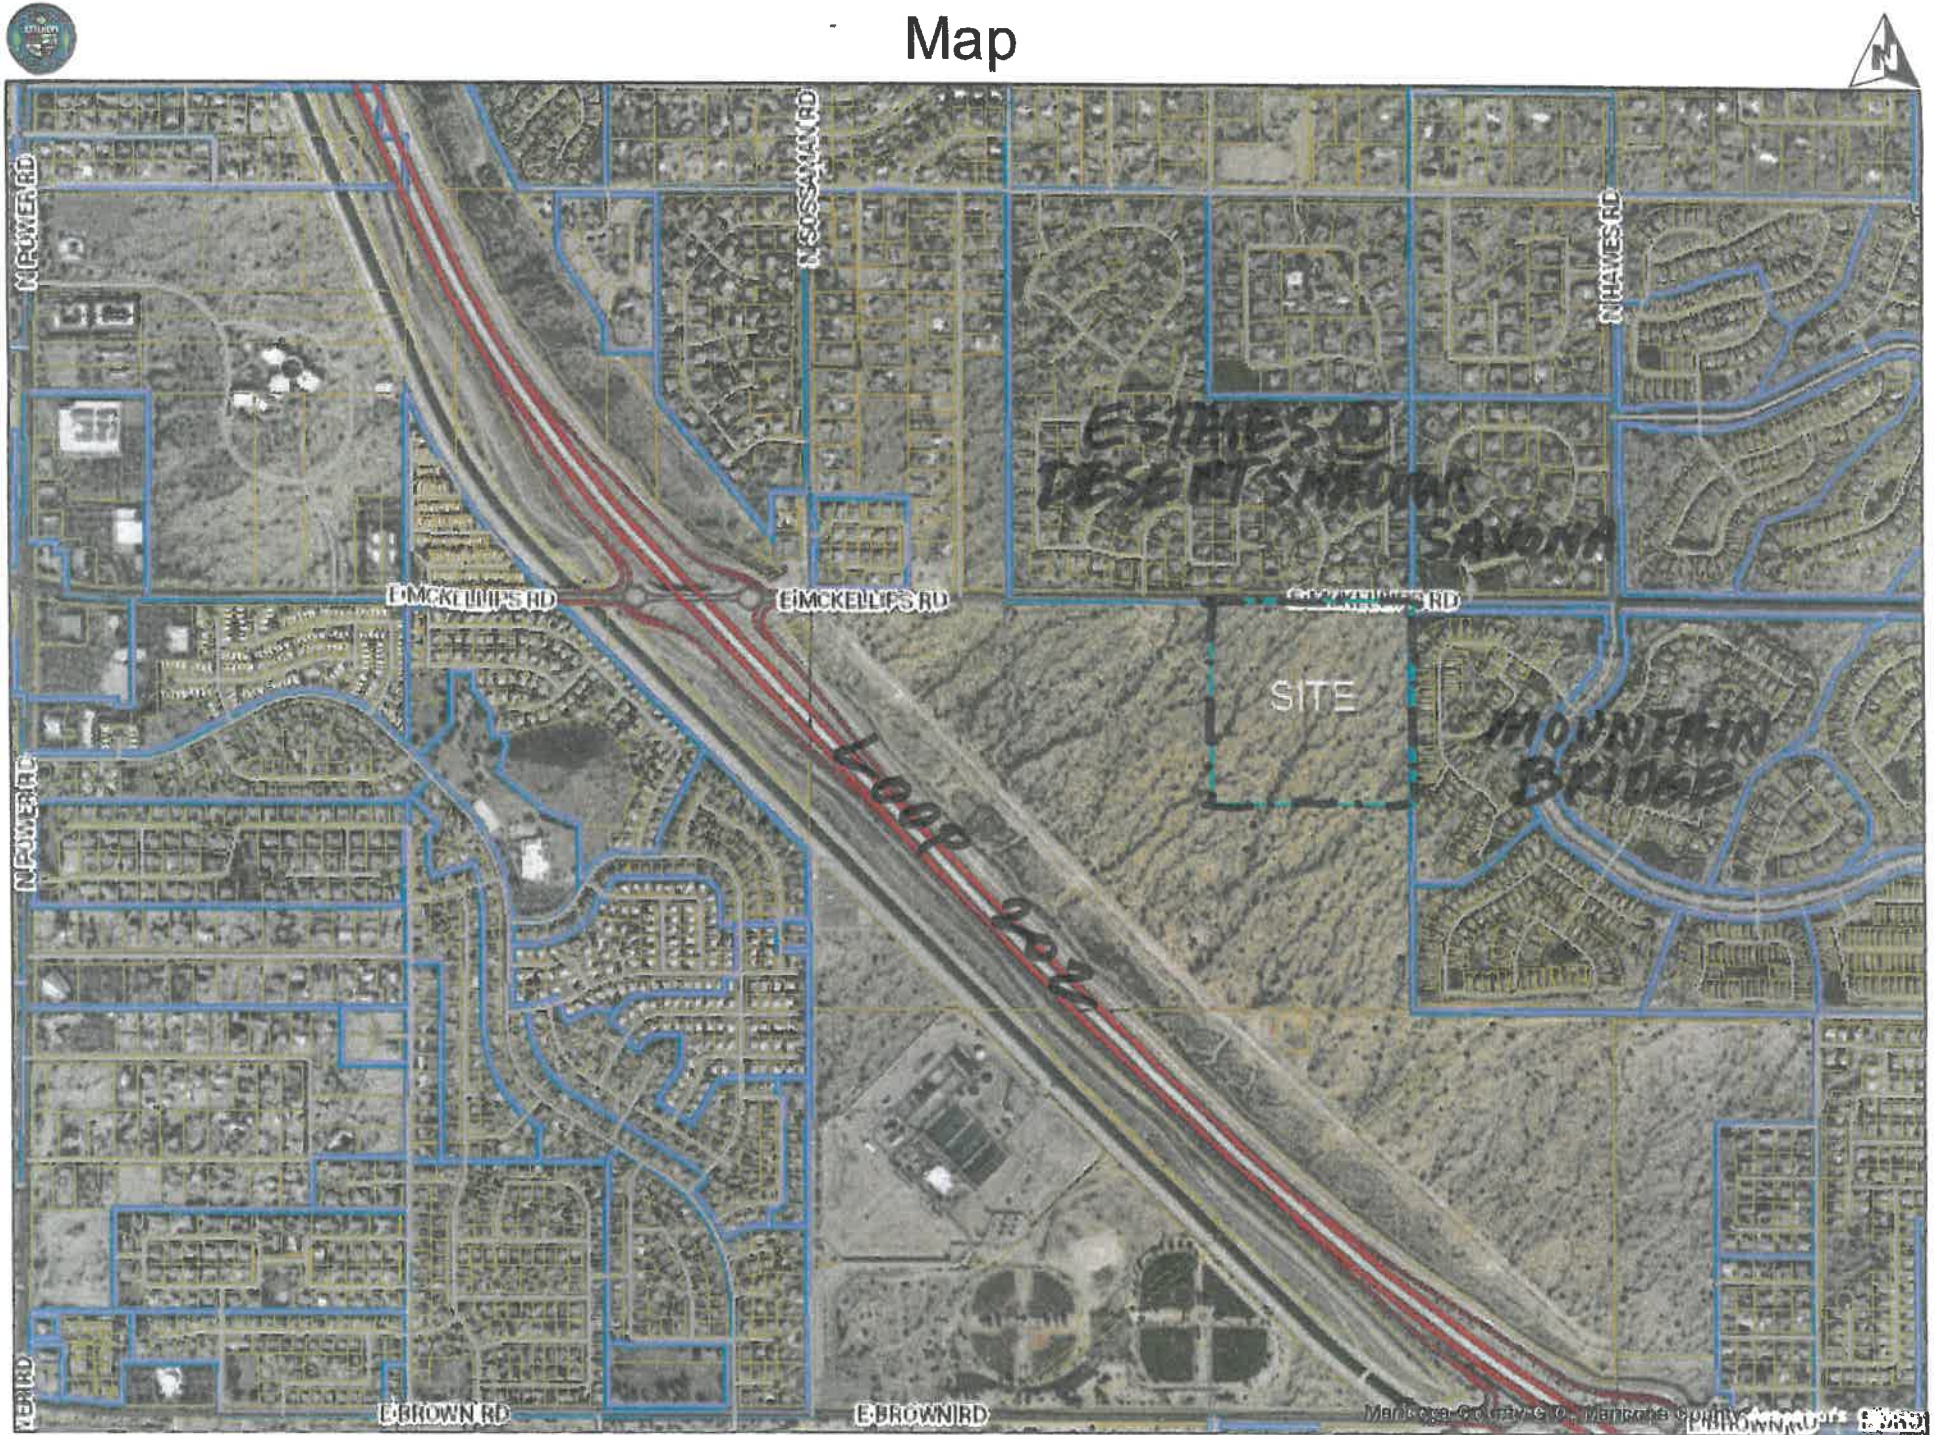

Sincerely,

A handwritten signature in black ink, appearing to read 'Tom Lemon', with a large circular flourish at the beginning.

Subject: Monteluna

Good evening Mr. Lemon,

I recently purchased a home in mountain bridge Ecsalante that backs up to the site highlighted as the future site of Monteluna per a letter I received today. Can you provide details regarding the amount of space planned to be left open between this development and the properties in Mountain Bridge that it boards? I had assumed that like the rest of the existing local Blandford community there would be some desert space between but the lot highlighted looks pretty snug up against my fence!

Thanks,

Valerie Meister

To: Valerie Meister
Subject: RE: Monteluna

Thank you for your e-mail. I hope you are enjoying your new home in Mountain Bridge.

The proposed open space between Escalante at Mountain Bridge and Monteluna varies in width or separation from just over 30' at the narrowest point to 250' at the widest. If you look at the land plan on the back page of the notice letter starting at the north end next to lot 9 the open space separation is 34', next to lot 25 the space is 56', lot 35 the space is 31' and behind lot 45 the distance is 250'. Note that the south 6 lots will also have the rear yard setback from the rear property line to the actual back of the house, similar to the backs of the homes along your street in Escalante.

From lot 35 south to lot 45 labelled on the land plan as "Tract A" (small print at this scale) is proposed as a desert wash open space preservation area (existing wash to remain). Between lot 9 and lot 25 that area is proposed as a desert landscape tract area with storm water drainage. Both areas will be owned and managed by the Monteluna HOA and are to have a desert plant landscape look.

With our land planner, landscape architect and engineer, we took care in the layout of Monteluna to provide no lots "backing directly up" to Escalante (i.e., the 4 north lots side to Escalante with 31' – 65' of separation, and the 6 south lots are at an angle with 31' to 250' of separation), to provide a desert landscape buffer between the two communities.

Thank you.

Thanks for enquiry Brad. I'll reply in order asked:

- We're willing to restrict the lots next to the existing homes in Escalante at Mountain Bridge to single story only
- The entrance is proposed to align with the entrance across McKellips
- The single lane eastbound on McKellips is proposed to be expanded to 2 lanes eastbound
- No traffic signals are proposed at this point

Subject: Monteluna Community

Hi Tom-

I live in the Carmel subdivision within Mountain Bridge and was happy to hear that a Blandford company had purchased the land to the west of our community. Based on my exposure to your many communities within the Valley, I have no doubt it will be a beautiful addition to NE Mesa. Your companies respect for our high desert land in MB is apparent ever day that I live here.

A couple of questions/comments:

- Will there be a restriction to allow only single story homes adjacent to the existing Mountain Bridge homes that front the community just to the east?
- Will the community entrance align with the existing community entrance on the north side at Bridlewood?
- Will the single lane section of McKellips be expanded to 2? Or will just a turn lane be added?
- Will a stop light be added? (hopefully not...)

I'm sure that the existing MB homeowners that have long enjoyed unencumbered westerly views will be upset, but they should be quite happy that a quality home builder like Blandford is building upscale homes there and not atrocities like those built at Brown and the 202 just to our south.

I'm sorry that I can't attend the meeting tonight at our community center. I'm sure that it will be quite entertaining...

Good luck with it and perhaps if I upsize my home down the road, I could buy a home there.

To: Tom Lemon
Subject: Rezoning, planning for Monteluna

Dear Tom:

I wasn't able to be to the rezoning meeting last night but wanted to share some thoughts.

We moved to this area because of the feeling it has, of open spaces, of homes that are not an arm span apart from each other, of less congestion. That changed with the Mountain Bridge subdivision; beautiful entry gates and bridges, but crammed housing.

From my understanding, and I could have the wrong information, but Mountain Bridge was originally planned to have bigger lots and less homes, and then was rezoned to be smaller lots, more homes. Since the building of Mountain Bridge, the traffic on McKellips Road has increased dramatically.

When I look at the proposed plan for the new Monteluna, what I see are again, smaller lots, more houses, less valley view, and increased traffic. I know this doesn't have to be planned this way.

Thank you for your consideration and understanding that where there is one, there are MANY who feel this way. (I know. I've talked with neighbors in Estates at Desert Shadows, Savona, and others near those subdivisions.)

Respectfully, Mindy Holman

Subject: Rezoning, planning for Monteluna

Dear Tom:

I wasn't able to be to the rezoning meeting last night but wanted to share some thoughts.

We moved to this area because of the feeling it has, of open spaces, of homes that are not an arm span apart from each other, of less congestion. That changed with the Mountain Bridge subdivision; beautiful entry gates and bridges, but crammed housing.

From my understanding, and I could have the wrong information, but Mountain Bridge was originally planned to have bigger lots and less homes, and then was rezoned to be smaller lots, more homes. Since the building of Mountain Bridge, the traffic on McKellips Road has increased dramatically.

When I look at the proposed plan for the new Monteluna, what I see are again, smaller lots, more houses, less valley view, and increased traffic. I know this doesn't have to be planned this way.

Thank you for your consideration and understanding that where there is one, there are MANY who feel this way. (I know. I've talked with neighbors in Estates at Desert Shadows, Savona, and others near those subdivisions.)

Respectfully, Mindy Holman

Subject: RE: 40 acres adjacent to Mountain Bridges

Nothing different than included on the notice. We have stated that we are willing to limit the 11 lots closest to Escalante in Mountain Bridge to single story only homes.

Thanks for your interest.

Subject: RE: Monteluna questions

Thanks for your e-mail. I will include your comments with those submitted on the application.

In answer to your questions:

- We've applied for RS-15 under the PAD (Planned Area Development) option (i.e., RS-15 PAD) which allows the lot size as long as the overall density is below 2.9 dwelling units per acre, which the proposed land plan is at 2.7 du/ac per gross acre and 2.84 du/net acre. One of the aspects of the PAD option is to leave site area in "open space" rather than to put it in the lots. The intention is to leave the two 404 washes that cross the property in natural area open space and to provide additional open space for drainage and community amenities. The proposed Monteluna community has 28% of the 40 acre site (11.08 acres) allocated to open space. It is a trade-off between putting more land area into the individual lots or providing more land area in common area open space, particularly native desert open space;
- The location for the proposed main entry drive was determined based on discussions with the City of Mesa, for the entry drive to line up with the N Bridlewood entry to the north for location and intersection geometry. We will be required to widen the east bound south side of McKellips Road to two lanes and put in a west bound left turn lane at that intersection into Monteluna;

Thank you.

Subject: Monteluna questions

Hi Tom,

Thank you for the informative letter dated May 24 pertaining to the proposed Blandford development Monteluna. Unfortunately, I was not able to attend the June 6 informational meeting but did want to follow up with a couple of questions.

I live in the neighboring Desert Shadows community and will accept the statement made in the letter that our community is zoned as RS-15, but the lots are indeed all well over 15,000 sq ft in size. Conversely, the lots shown for the planned Monteluna community are half the size or less of the typical Desert Shadows lot. At the very least, the comparison to lot size in Desert Shadows is misleading to those not familiar with the area. In viewing the City of Mesa

zoning ordinances, I fail to understand how the proposed conceptual development plan with 7800 and 9100 sq ft lots meets the requirements of RS-15. Can you comment on these points?

Also, it would appear that the entrance to the proposed Monteluna community will be directly across from the existing entrance to Desert Shadows. I'm just one voice and one opinion, but can this be staggered such that the entrances are not directly across from one another?

Thanks,

Bill
