

Special Use Permit for The Crypt

The Crypt Haunted Attraction is looking forward to continuing to be at Fiesta Mall with great success. We have been at this same location since 2010. Before that the event had been Part of Doomtwn/Rawhide Halloween event and at Superstition Mall in Mesa. At Fiesta Mall we will Be utilizing the event parking lot located on the south side of the mall, adjacent to the US 60 freeway. All event parking will be confined to event parking lot behind the haunt; with The Crypt staff utilized as parking guides. Security and crowd control will be staffed by The Crypt and off-duty Mesa Police. Since location of haunt is located in an adjacent parking lot to the mall center, self controlled and entire event Fenced in from surrounding streets and freeways. There are no adjacent residential properties, and events will only be held after 6:30PM. The haunts are an open air, with no buildings being constructed.

The event will be open 26 nights in September/October/November, starting the Friday September 27th and finishing November 1st. Construction of event will take place starting mid-September and will be packed up by November 15th.

All events signage will be contained within the perimeter fencing. We will be utilizing banners, an event searchlight, as well as a hearse wrapped in graphics-all contained in event parking lot.

We would like to continue at this location for multiple years bringing a great Halloween event to Fiesta Mall.
