Proposed Use(s):	Residential
Existing Use(s):	Vacant
Hearing Date(s):	September 11, 2019 / 4:00 p.m.
Staff Planner:	Cassidy Welch
Staff Recommendation:	Approval with Conditions

HISTORY

On **September 22, 2008**, the City Council approved a Major General Plan Amendment changing the land use designation from Medium Density Residential, Community Commercial, Regional Commercial, Mixed Use Residential, Mixed Use Employment, Business park and Office to Mixed Use Community.

On **November 3, 2008**, the City Council Approved an annexation of the property (Ord. #4891) and established City of Mesa Zoning Single Residence (R1-43) (Case # Z08-55). The City Council approval

also included a rezoning of the property from R1-43 to a Planned Community District (PCD) and establish the Mesa Proving Grounds Community Plan (Case# Z08-56).

On **May 17, 2012**, the City Council approved a Development Unit Plan for Development Unit 7.

PROJECT DESCRIPTION

Background:

The subject request is for approval of a preliminary plat titled “Eastmark DU 7 – Parcel 53” to allow the subdivision of land for 135 single family lots within the Eastmark Community.

General Plan Character Area Designation and Goals:

The General Plan character area designation for the site is “Mixed Use Community”. Per Chapter 7 of the General Plan, the purpose of the Mixed Use Community character area is to identify larger land areas where it is possible to develop a mixture of uses that will create a complete and identifiable community. The subject request conforms to the goals of the Mixed Use Community character area, as it will allow development of residential dwellings adjacent to commercial developments to fulfill the goal of a mixed use community. The request is also consistent with the criteria for review outlined in Chapter 15 (pg. 15-1&2) of the Mesa 2040 General Plan.

Surrounding Zoning Designations and Existing Use Activity:

Northwest (Across Point Twenty-Two Blvd) PCD Vacant	North (Across Point Twenty-Two Blvd) PCD Vacant	Northeast (Across Point Twenty-Two Blvd and Eastmark Parkway) PCD Residential
West PCD Vacant	Subject Property PCD Vacant	East (Across Eastmark Parkway) PCD Residential
Southwest PCD Vacant	South PCD Daycare & School	Southeast (Across Eastmark Parkway) PCD Residential

Compatibility with Surrounding Land Uses:

The site is located within the Eastmark Community and adjacent to other residential properties and a proposed park (the Great Park) within the Eastmark PCD. Approval of a preliminary plat for residential use will not be out of character with the surrounding area.

Preliminary Plat:

Section 9-6-2 of the Mesa Subdivision standards requires approval of all subdivision plats located in the City to be processed through four progressive stages. Review and approval of a preliminary plat is the second stage in the series of the progressive stages. The preliminary plat is reviewed

and approved by the Planning and Zoning Board. All approved preliminary plats are subject to potential modifications through the City's Subdivision Technical Review process, which is the third stage after approval of the preliminary plat. The Subdivision Technical Review process considers the overall design of the subdivision and details, such as utilities layout, ADA compliance, detention requirements, etc. This process sometimes results in modification to lot sizes and configuration, which could result in a reduction of lots.

Staff Recommendations:

Staff reviewed the proposed preliminary plat and determined the request is consistent with the requirements of the Eastmark Community Plan and the Mesa 2040 General Plan: Therefore, staff recommends approval with the following conditions:

Conditions of Approval:

1. Compliance with the preliminary plat submitted.
2. Compliance with all City development codes and regulations.
3. Compliance with all requirements of the Subdivision Regulations.
4. Development within the proposed plat shall be in conformance with the approved Development Unit Plan for Development Unit 7 (DU-7) of the Mesa Proving Grounds Community Plan.
