Items not on the Consent Agenda

8. Items from citizens present.

Mary Kim Titla, member of the San Carlos Apache Tribe, explained that she is the Executive Director for a non-profit organization called United National Indian Tribal Youth (UNITY). She announced that she was attending on behalf of a student at Mesa Community College who is requesting that the City of Mesa consider declaring the second Monday of October as

Indigenous People's Day. She stated that the declaration would allow Mesa to take the lead of other cities in recognizing that:

- Indigenous people of the lands that would later become known as the Americas, have occupied these lands since time immemorial; and that
- Mesa was built upon the homelands of the villages of the indigenous people of this region; and that
- Mesa will value the many contributions made to our community through the indigenous people such as knowledge, labor, technology, science, philosophy, arts and the deep ancestral and cultural contribution that has substantially shaped the character of the City of Mesa; and that
- The City will promote equality for all indigenous people and honor our nation's indigenous heritage, history and contributions; and that
- The City will further encourage its schools and students to teach about indigenous history and will encourage businesses, organizations and public institutions to recognize Indigenous People's Day.

Ms. Titla thanked the Council for the opportunity and requested that the recognition be considered at the next Council meeting.

9. City Manager's update on current events including, but not limited to, an update on FAQs related to the Mesa Royale Mobile Home Park.

Yolanda Triana, a Mesa resident, informed the Council that the Mesa Royale residents attended the meeting held on September 22, 2016 with the City of Mesa Transit Services Department regarding the light rail. She indicated that the meeting representatives reported that the light rail has benefited the residents in the area and she noted that Mesa Royale is being affected. She stated that the law is to protect the residents, no matter their legal status or nationality, and claimed that Mesa and the property owner(s) are violating the residents' right to a place to live.

Hilario Triana, a Mesa resident, stated that the Mesa Royale residents have rights and have not been respected by the City of Mesa. He suggested that Mesa is not working in compliance with the prerequisites established by federal law, which requires Mesa to have a relocation plan in place for the Mesa Royale residents.

Mayor Giles thanked Mr. and Ms. Triana for their comments and notified the audience that flyers related to Mesa Royale Frequently Asked Questions could be found at the back of the room for their convenience.
