Fire and Medical has been using the hosted solution, Zoi ePCR, for the last four years. It has provided accurate and reliable patient care information, which is the core to the Department's evolving medical service delivery model and the data requirements from the \$12.5 million HHS Medicare Grant. In-turn, this will keep frontline apparatus available for higher-level emergency calls. Utilizing the MRs will also reduce wear and tear and extend the life cycle replacement of the larger frontline apparatus.

The Fire and Medical Department and Purchasing recommend authorizing the purchase using the Helping Governments Across the Country (HGAC) cooperative contract with Professional Sales and Service, L.C., at \$423,238.33. This purchase is funded by the Capital General Fund.

*4-d. Purchase of Four Chevrolet Tahoes (Two Replacements and Two Additions) for the Police Department **(Citywide)**

This purchase will provide four police patrol Chevy Tahoes to support police operations. The two vehicles that are being replaced have met established criteria and will be either traded, auctioned, sold, or deployed to special uses as part of the ongoing vehicle replacement program. The Police Department received approval for two Police Service Officer positions and the associated vehicles for FY 2018/19. These vehicle additions are funded by the Capital General Fund.

Wastewater Utility and Solid Waste will use these vehicles in their daily operations. The vehicle addition will support daily maintenance activities at the new Signal Butte Water Treatment Plant.

The Fleet Services, Water Resources, Environmental Management and Sustainability Departments, and Purchasing recommend awarding the contract to the lowest, responsive and responsible bidder, PFVT Motors, LLC, dba Peoria Ford, at \$122,562.53. It is a safe alternate to use as a substitute for methanol. The plant's usage is 4,500 gallons every 7 to 8 weeks, which has exceeded the expected amount. She stated an appreciation for the presence of police officers in downtown Mesa but advised there are still safety and theft concerns for her employees and patrons of the business.
