

Legislation Details

File #:	14-0802	Status:	Agenda Ready
Type:	Contract	In control:	City Council
On agenda:	8/18/2014		
Title:	Purchase of Software for Water Asset Management and Licensing and Maintenance for the Water Resources Department (Sole Source) (Citywide)		
	Water Resources requests to purchase InfoMaster Water software from Innovyze, Inc. InfoMaster will link directly with the other InfoWater modeling software to be able to run different scenarios to assess the consequences of failure. This software is a tool essential to water asset management. The addition will enhance productivity and provide a powerful tool to explore more alternatives for waterline rehabilitation.		
	Water Resources and Purchasing recommend awarding the contract to the sole source vendor, Innovyze, Inc., at \$52,827.00, based on estimated requirements. This purchase is funded by the capital budget (\$30,827.00) and by the Water Resources Department operating budget (\$22,000.00).
