<b>On agenda:</b>	11/3/2014		
<b>Title:</b>	Preconstruction Services Contract for the Northwest Water Treatment Plant: Tertiary Filter Rehabilitation Project and Variable Frequency Drives Replacement Project (District 1)		
	The Tertiary Filter Project: This project will upgrade the existing filters with a newer technology requiring only three filters in place of the ten that currently exist.		
	The Variable Frequency Drives Replacement Project: This project will replace the VFDs with new, higher efficiency models. In addition, a portion of the fiber communications network at the NWWRP will be replaced and upgraded as part of the project.		
	Recommend award to Hunter Contracting as the Construction Manager at Risk for these projects in the amount of \$103,281.11. The projects are funded by 2010 authorized Waste Water bonds.
