File #:	15-0239	Status:	Agenda Ready
Type:	Contract	In control:	City Council
On agenda:	3/2/2015		
Title:	Sossaman Road Pressure Reducing Valve (PRV) Removal and Waterline Replacement (District 6)		
	<p>The water system in this area was originally built to serve the Williams Field Base and has exceeded its service life. It has been operated at lower than standard City pressure because the aged infrastructure did not support the higher system pressure. This results in operational challenges for the facilities in the area, including Phoenix Mesa Gateway Airport. This project will permanently remove the last of the PRVs and replace the remaining aged water lines.</p> <p>Recommend award to The Fishel Company in the amount of \$3,311,892.10, based on the lowest responsible bid of \$3,010,811.00, plus an additional \$301,081.10 (10% allowance for change orders). This project is funded by 2014 authorized water bonds.</p>
