Title: Three-Year Term Contract for Refuse Roll-Off Containers for the Environmental Management and Sustainability Department (Citywide)

This contract will provide roll-off containers used to service residential and commercial customers to keep up with Mesa's customer demand. The initial purchase will be for 18 containers during the first year of the contract. The Department anticipates minimal purchases during years 2 and 3, however, has opted to have a contract in place. This would ensure immediate availability and competitive pricing. In years 2 and 3, any purchases over $25,000 annually, will be subject to future Council consideration.

The Environmental Management and Sustainability Department and Purchasing recommend awarding the contract to the lowest, responsive and responsible bidder, Wastebuilt Southwest LLC, at $84,500 for the first-year term, based on estimated requirements.
