On agenda:	10/3/2016		
Title:	Purchase of 32 Replacement Portable and 19 Replacement Mobile Two-Way Radios, Accessories and Related Equipment for the Fire and Medical Department (Citywide)		
	<p>The Fire and Medical Department currently utilizes the Motorola APX series of portable and mobile two-way digital radios as their standard for the City's firefighters, paramedics and fleet of emergency response apparatus. These digital dual-band portable radios are part of the Fire and Medical Department replacement / upgrade program to allow for a one radio communication solution that ensures each firefighter and fire apparatus has the capability of communicating on dual frequency bands (700/800 MHz and VHF) prior to the entire Phoenix-Mesa metro region transitioning to VHF for hazard-zone communications in June 2017.</p> <p>The Fire and Medical Department and Purchasing recommend authorizing the purchase using the Maricopa County cooperative contract with Motorola Solutions, Inc., at \$389,840.31, based on estimated requirements. This purchase is funded by the Capital - General Fund.</p>
