

Legislation Details

File #:	17-0312	Status:	Agenda Ready
Type:	Contract	In control:	City Council
On agenda:	3/20/2017		
Title:	Purchase of Replacement IT Security Management Software for the Information Technology Department (Citywide)		
	The software will prevent any direct access to our critical servers by outside threats. The current platform is on extended support with its manufacturer and has not received new functionality for several years. It is running on aging server hardware that has reached its planned retirement date.		
	The Information Technology Department and Purchasing recommend authorizing the purchase from the Maricopa County cooperative contract and lowest quoted vendor, SHI at \$81,658.58.
