**Title:** Dollar-Limit Increase for the Term Contract for Dust Palliative/Stabilizer and Related Items for the Transportation Department (Citywide)

This contract provides dust palliative/stabilizer and related items to stabilize unpaved areas such as vacant lots, roads, shoulders and alleys in accordance with Maricopa Air Quality Rules and City Code. Demand for these services has increased and is greater than estimated for year 5. City staff believes stabilization demands will continue at the current rate; therefore, an annual increase is being requested for years 5 and 6 of the term contract.

The Transportation Department and Purchasing recommend authorizing a dollar-limit increase \$100,000 using the Maricopa County cooperative contract with Earthcare Consultants LLC, increasing the contract amount from \$300,000 to \$400,000 annually, for years 5 and 6, based on estimated requirements.
