Title:	Purchase of a Geographic Information System to Expand the Current ESRI System for Crime Analysis as requested by the Police Department (Citywide)		
	<p>The Police Department requires a Geographic Information System (GIS) that produces a series of dashboards for real-time computer-aided dispatch events and another dashboard for near real-time incident information. This purchase will allow crime analysts to create dynamic dashboards that provide up-to-date crime information to internal users. In addition, an expansion of the current ESRI is required to provide the dashboards for Command and Executive Staff.</p> <p>The Police Department and Purchasing recommend awarding the contract to the sole source vendor, Environmental Systems Research Institute, Inc. (ESRI), at \$45,205.68. This purchase is funded by Asset Forfeiture (RICO) Funds.</p>
