Title: Dollar-Limit Increase and Amendment, and One-Year Renewal with Three Years of Renewal Options to the Term Contract with United Fibers, LLC, for Recyclable Material Processing, as requested by the Environmental Management and Sustainability Department (Citywide)

The requested increase is due to refuse, green, and recycle fee increases from multiple vendors, based on the agreement, as well as City tonnage growth. This is one of six vendors awarded this contract to provide solid waste disposal, recyclable materials processing, and vegetative waste processing services. The contracts with the other vendors have different contract periods.

The Environmental Management and Sustainability Department and Purchasing recommend authorizing the amendment and renewal with United Fibers, LLC, and, to reflect the revised contract, increasing the dollar-limit of the multi-vendor Master Agreement by $170,000, which covers all Solid Waste Disposal, Recyclable Material Processing, and Vegetative Waste Processing Services, to $8,020,000, based on estimated usage.
