<b>On agenda:</b>	3/18/2019		
<b>Title:</b>	Three-Year Term Contract with Two Years of Renewal Options for Itron Radio-Based Endpoint Encoders for the Water Resources Department (Single Response) (Citywide)		
	<p>Endpoints are used in new and existing meters for the City's automated meter reading system. Each endpoint stores 40 days of hourly reads to ensure data integrity and offers advanced customer-side leak detection and reverse-flow and tamper alarms. The City has been using the Itron automated reading system for over 17 years and no other brand of endpoint works with the City's existing meter read system.</p> <p>An evaluation committee recommends awarding the contract to the single, responsive and responsible proposal from Itron, Inc., at \$120,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index. This purchase is funded by the Utility Replacement Extension and Renewal Fund and Water Operations and Maintenance budget.</p>

### Three-Year Term Contract with Two Years of Renewal Options for Itron Radio-Based Endpoint Encoders for the Water Resources Department (Single Response) **(Citywide)**

Endpoints are used in new and existing meters for the City's automated meter reading system. Each endpoint stores 40 days of hourly reads to ensure data integrity and offers advanced customer-side leak detection and reverse-flow and tamper alarms. The City has been using the Itron automated reading system for over 17 years and no other brand of endpoint works with the City's existing meter read system.

An evaluation committee recommends awarding the contract to the single, responsive and responsible proposal from Itron, Inc., at \$120,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index. This purchase is funded by the Utility Replacement Extension and Renewal Fund and Water Operations and Maintenance budget.
