Title: One-Year Term Contract for Randox Drug Screening and Testing Supplies for the Police Department (Sole Source) (Citywide)

The Randox Evidence Investigator Biochip Analyzer allows multiple tests to be carried out from a single patient sample, reducing the time and labor spent on individual tests by the Forensic Services Division. This instrument utilizes biochips with multiple antibody/antigen reaction sites and other associated reagents that are exclusively manufactured by, and available only through, Randox Laboratories.

The Police Department and Purchasing recommend awarding the contract to the sole source vendor, Randox Toxicology, at \$140,000, based on estimated usage.
