Three (3)-Year Term Contract for Meter Set Assemblies for the Materials and Supply Warehouse (for the Energy Resources Department) **(Citywide)**

Gas Utility uses meter set assemblies, which include the preassembled gas regulator, steel piping and meter bar, in the City's natural gas distribution system for new construction projects and the maintenance and repair of existing gas utilities.

Business Services, Energy Resources and Purchasing recommend awarding the contract to the qualified single bidder, R.W. Lyall & Company, Inc., at \$103,000 annually, based on estimated requirements.
