One-Year Term Contract for Precast Electric Vaults for the Energy Resources Department (Single Bid) **(Citywide)**

This contract will provide underground electric vaults, vault lids and other vault-related products and services needed to maintain and expand the City's underground electric distribution system.

Energy Resources and Purchasing recommend awarding the contract to the single-bidder, Oldcastle Precast, at \$262,550.00 annually, based on estimated requirements. This is funded by 2010 authorized electric utility bonds.
