Three-Year Term Contract for Emergency Electric Line Services for the Energy Resources Department (**Citywide**)

This contract will provide standby/on-call emergency response electric line service crews to perform emergency repair work on the City's electric transmission and distribution facilities as directed by the Electric Utility Division. Repair work includes pole setting, hot line transfers, installing wire and cable and general line work.

Energy Resources and Purchasing recommend awarding the contract to the lowest, responsive and responsible bidders, NPL Construction Co. (Primary Award) and Wilson Construction Co., dba Wilson Utility Construction Co. (Secondary Award,) at \$270,771.00 annually, based on estimated requirements.
