### Three-Year Term Contract for Cool Deck Resurfacing and Repair Services for the Parks, Recreation and Commercial Facilities Department (Single Bid) **(Citywide)**

Cool Deck is a flexible coating for concrete that provides a non-slip surface and is sealed against water. It is primarily used around swimming pools. Each year it becomes necessary to replace or refurbish cool deck material at Aquatic Facilities that have become damaged due to age or heavy use.

Parks, Recreation and Commercial Facilities and Purchasing recommend awarding the contract to the responsive and responsible single bidder, Flexground, LLC, at \$32,422.38 annually, based on estimated requirements.
