One-Year Renewal of the Term Contract for Electric Motors, Purchases and Repairs/Rewinds for the Water Resources Department **(Citywide)**

The City has more than 200 motors in use at the three water reclamation plants, 1 water treatment plant, 16 lift stations, 5 transfer stations, 16 pump stations, and 46 well sites. This contract provides one primary and two secondary contractors to provide electric motor repair and rewind service, and furnish and install various sizes of new motors throughout these facilities, as needed.

The Water Resources Department and Purchasing recommend authorizing a one-year renewal with Keller Electrical Industries, Inc. (primary vendor); Laron, Inc. (secondary vendor); and Precision Electric Co., Inc. (a Mesa business) (secondary vendor); cumulatively not to exceed \$100,000 annually.
