### Three-Year Term Contract for Natural Gas Service Excess Flow Valves for the Materials and Supply Warehouse (for the Energy Resources Department) **(Citywide)**

This contract will provide natural gas service excess flow valves (EFVs) for the Energy Resources Department, Gas Utility. In order to comply with federal legislation, the Gas Utility is required to install EFVs on residential service lines for all new construction and maintenance, or repair of existing utilities, where applicable.

The Business Services and Energy Resources Departments, and Purchasing recommend awarding the contract to the lowest, responsive and responsible bidders, Elster Perfection and RW Lyall & Company, Inc., cumulatively not to exceed \$219,016 annually, based on estimated requirements.
