Amending section 503.1.1 of the 2006 International Fire Code, as adopted in Title 7, Chapter 2, Section 3 of the Mesa City Code. **(Citywide)**

The amendment to Section 503.1.1 relates to fire apparatus access roads for buildings and facilities, and provides that the fire code official is authorized to increase the 150-foot dimension requirement when it is determined that other hazard-mitigating factors are present. The amendment also re-organizes the section for clarity.
