One-Year Renewal Term Contract for Meals for the Police Department Holding Facility (**Citywide**)

The City continues to partner with MARC, a private non-profit corporation located in Mesa, for their services of providing the Police Department's downtown holding facility with sandwiches to detainees. MARC's Employment Related Services Division is committed to helping people who have disabilities expand their independence by obtaining and maintaining employment. The City estimates MARC will deliver approximately 31,000 sandwiches per year, approximately 85 sandwiches per day, to the holding facility.

The Police Department, and Purchasing recommend authorizing the contract with MARC Community Resources Inc. (a private non-profit corporation in Mesa), at \$40,000, based estimated requirements.
