Purchase to Rehabilitate the Analog Laboratory Pressurization and Fume Hood Controls for the Water Resources Department (Sole Source) **(Citywide)**

The Water Resources Department, Compliance Laboratory needs to rehabilitate the existing Phoenix Controls analog laboratory pressurization and fume hood controls. The analog controls are no longer supported and need to be rehabilitated and modernized to current operating and performance standards.

The Water Resources Department and Purchasing recommend awarding the contract to the sole source vendor, Airtelligence, Inc., at \$121,000.
