Three-Year Term Contract with Two Years of Renewal Options for Refuse Container Repair and Cleaning Services for the Environmental Management and Sustainability Department **(Citywide)**

This contract will provide on-site or off-site refuse container washing and repair service. During the life cycle, these items become dirty and/or damaged due to normal usage, wear and tear. The cost to wash and repair these items is significantly less than the cost of purchasing new items.

An evaluation committee recommends awarding the contract to the two highest-scored proposals from Dirty Trash Bins, LLC (Primary); and America Recycleclean (Secondary); at \$56,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.
