One-Year Renewal to the Term Contract for HVAC Services and Equipment for the Parks, Recreation and Community Facilities Department (**Citywide**)

Facilities Maintenance uses three cooperative contracts for a more efficient method to procure HVAC equipment and services and to more effectively manage their heavy workload. This contract provides various types of HVAC equipment and services.

The Parks, Recreation and Community Facilities Department and Purchasing recommend authorizing the renewal using the Omnia Partners cooperative contract with Comfort Systems USA; and HACI Service LLC; at \$2,700,000 annually, based on estimated usage.
