

Legislation Text

File #: 19-1156, **Version:** 1

Approving the Electric Integrated Resource Plan (IRP) in conformance with federal regulations (10 CFR 905.11) that qualifies the City of Mesa to receive electric power generated at federally-owned hydroelectric plants. The IRP is a systematic approach to identify and select resources to meet our customers' electric needs. The IRP will be submitted to the Western Area Power Administration upon Council approval. **(Districts 1 and 4)**
