Purchase of a Rear Load Refuse Truck (Addition) for the Transportation Department as requested by the Fleet Services Department **(Citywide)**

This purchase of a new rear load refuse truck will be utilized to support the City's dedicated debris clean-up program that was created as a result of a Council initiative. The rear loader is designed to compact debris to reduce trips to the landfill and maximize productivity and will be operated by a two-person crew.

The Fleet Services and Transportation Departments and Purchasing recommend authorizing the purchase using the State of Arizona cooperative contract with Freightliner of Arizona, LLC, at \$194,286.86, based on estimated requirements. This purchase is funded by the Local Streets Fund.
