File #: 20-0361, **Version:** 1

Three-Year Term Contract with Two Years of Renewal Options for Anodeless Service Risers for the Materials and Supply Warehouse (for the Energy Resources Department) **(Citywide)**

Anodeless service risers are the portion of the natural gas service line required to transition from the underground service piping to the customer's above ground meter. They isolate the customer's meter from the rest of the natural gas system for purposes of corrosion protection and to provide a protective casing for the internal polyethylene piping.

The Business Services and Energy Resources Departments and Purchasing recommend awarding the contract to the lowest, responsive, and responsible bidder, Hubbell, dba Lyall, at \$372,000 annually, with an annual increase allowance of up to 5%, or the adjusted Producer Price Index.
