

City Council Report

Date: November 7, 2022
To: City Council
Through: Michael Kennington, Deputy City Manager/Chief Financial Officer
From: Edward Quedens, Business Services Director
Kristy Garcia, Procurement Administrator
Subject: Three-Year Term Contract with Two Years of Renewal Options for Fire Apparatus Hose for the Mesa Fire and Medical Department (Sole Source) (Citywide)

Recommendation

Council is requested to approve the award as recommended.

The Fire and Medical Department and Purchasing recommend awarding the contract to the sole source distributor, L. N. Curtis & Sons at \$150,000 annually, with an annual increase allowance of up to 5% or the adjusted Consumer Price Index.

Background / Discussion

This contract will provide Snap-Tite apparatus hose from the sole distributor, L.N. Curtis & Sons.

Mesa Fire and Medical has requirements for specific types of hose for their fire apparatus. Each type of apparatus has a specific makeup of hose to maintain consistency among all units so that each firefighter has been trained on the type of hose, the type of nozzle, and the location of the fire hose for optimum efficiency and effectiveness when responding to emergencies.

Apparatus hose ranges from supply hose, attack hose, and specialty hose at various diameters for operational use. All fire hoses must meet National Fire Protection Association (NFPA) 1962 Standards during annual testing. The fire hoses are used to replace existing ones that are removed from service due to age or failure to meet NFPA 1962 Standards.
