

Fees and Charges Report

Date: April 4, 2024

To: Audit, Finance, and Enterprise Committee

Through: Michael Kennington, Deputy City Manager/Chief Financial Officer

From: Edward Quedens, Business Services Director
Doug Fugate, Business License and Revenue Collections Administrator

Subject: Business Services Department Update to Schedule of Fees and Charges, Citywide

Purpose and Recommendation

The Business Services Department recommends clarifying the wording for the Short-Term Rental (STR) License Fee and adding a line for the Annual Renewal fee. The Department also recommends moving the CATV Licensing from the Business Services schedule to the Engineering schedule. If approved by City Council, the changes will take effect July 1, 2024.

Background

The **Short-Term Rental Code** (Mesa City Code, Title 5, Chapter 15) includes a fee per year per rental unit. On January 9, 2023, Council approved establishing the fee at \$250.

Engineering has processed **CATV License** agreements for approximately 5 years.

Discussion

Short Term Rental

The City Code states that a separate license is required for each short-term rental and that the license is valid for one (1) year (5-15-3 B). The fee was established in the Schedule of Fees as "\$250.00 One year per property." The Department recommends revising the unit at which the fee is charged to "One Year Per Short Term Rental" to align with City Code.

The Department also recommends adding an "Annual Renewal Fee" for consistency with the layout of other fees in the Department's fee schedule. This is not a new fee as the Code and current fee schedule specify the license as "one year."

Code definition (5-15-2): **SHORT-TERM RENTAL:** Any individually or collectively owned residential unit, dwelling unit, or individual unit or group of units in a condominium, cooperative, or timeshare that is also a transient public lodging establishment or owner-occupied residential home offered for transient use that is not classified for property taxation under A.R.S. § 42-12001. A "short-term rental" is also commonly referred to as a "vacation rental."

5-15-3: - LICENSING REQUIREMENTS

- A. A person shall not offer for rent or rent a short-term rental within the City without a valid license issued pursuant to this Chapter. Each day a short-term rental is operated without a valid license constitutes a separate offense.
- B. A separate license is required for each short-term rental. A license is valid for one (1) year from the date of issuance or renewal. A license is non-transferable and non-assignable. Attempted transfer or assignment will void the license and all fees paid will be forfeited.

CATV Licensing

State statute states that television providers, referenced as "video service providers," that provide cable television services, programs, or signals, must obtain a Uniform Video Service License Agreement from the City of Mesa. Statute allows the City to charge a fee to these video service providers based on the percentage of gross revenue the company generates from its use of the right of way.

Engineering has processed these license agreements for approximately 5 years. Each License/Contract is negotiated individually for a multi-year term that goes to City Council for approval. This update to the Engineering Fee Schedule includes renaming "Cable T.V. Franchise Revenues" to "Video Service" to reflect the language used in statute.

Alternatives

The alternative is to leave the wording as currently stated, which may lead to some confusion by Licensees.

Fiscal Impact

No fiscal impact. The fee is currently being applied as established in the City Code. This is simply clarification of the wording.
